

# **THE CREATION OF THE ETERNAL COSMOS**

Our Holy Father is All Knowing And All Seeing of His Own Cosmos

But Our Holy Father Is Not The Greatest Force That Exists

Our Holy Father is an Eternal Great Force and He Is Connected To The Most  
Greatest Forces He Can Connect To

There Are Endless Cosmoses And Endless Creators, Some That Wipe Out in An  
Instance Other Cosmoses. Some That Are Very Great, Some That Need Attention

Our Holy Father Got A Warning From Other Great Cosmoses That His Cosmos Is  
Unstable And That It Could Be Wiped Out in the Future

Our Holy Father Received A Vision That HE MUST Find A Person Trapped For  
Billions of Years in A Place that we Could Call Eternal Hell that Would Help Him  
Create A Better Cosmos

The Holy Father Sent A Team To That Most Horrible Place of His Vision to Find The  
Being That Could Make His Cosmos Eternal

That Being Was The Early Jesus Christ. He Was Put For Billions Of Years in The Most  
Darkest Hellish Place To Be Found by Our Holy Father

He Was Placed There by Another Greater Holy Father From Another Cosmos To  
Help The Cosmos of Our Holy Father To Become Greater

When Our Holy Father Brought Him Back To Heaven, He Saw That This Being, the  
Early Jesus Christ, was Different

Eyowa Constantly Wanted To Make The Heaven of Our Holy Father More Better. He Constantly Searched For Clues To Make The Heaven of Our Holy Father More Greater and Beautiful

Our Holy Father Thought, Wow This Is An Interesting Guy, He is Doing Everything To Make My Cosmos Greater And Better. He Inspires Others To Do The Same And Gives Them Great Compliments When They Made Things More Greater And Beautiful

So Our Holy Father Gave Him His Own Workplace To Design His Own Cosmos. For Millions or Even Billions of Years He Designed Everything in the Cosmos. Animals, Planets, The Sun, The Moon and The Stars

The Great Challenge Was To Make It A Cosmos That Could Last Eternally

He Designed The Most Evil Cosmos He Could Imagine That Could Attack His Cosmos, to See if His Cosmos Could Be Protected By The Most Worst Threats

Eyowa Thought That All The Beings Should Be Connected To Light and Love to Hold The Cosmos Greatly Together

Eyowa Also Got A Vision That His Cosmos Should Have An Eternal Place of Deep Peace And Inner Silence. Every Being Connected To This Place Would Find Deep Peace Within That Would Help Stabilize the Cosmos

Somehow The Holy Father Received A Vision To Invite Another Great Godlike Being From Another Cosmos To Work With Eyowa To Make The Most Impeccable Everlasting Cosmos

That Man Was Uncle Pete (Peter Kriek)

Eyowa Had Now A Great Companion To Design The Most Greatest Cosmos They  
Could Imagine

Eyowa And Uncle Pete Traveled Together To Many Dimensions and Cosmoses To  
Get Inspiration For The Most Greatest Cosmos

They Felt In Many Worlds, Civilizations, Universes And Dimensions, Some That Had  
Completely Nothing To Do With The Dimension Mankind Knows

Eyowa And Uncle Pete Agreed That Their Cosmos Should Have Animals

To Have Love And Great Companionship

Eyowa And Uncle Pete Both Deeply Loved The Love Frequency And They Knew That  
Love Is The Most Important Ingredient To Make The Greatest Cosmos

They Knew Also That Beauty Was Very Important. Things That Are More Beautiful  
Were More Easily To Create Love. Love And Beauty Had A Great Connection  
Together For The Greatest Cosmos

Eyowa Wanted To Create A Cosmos That Had A Great Balance Between Dark And  
Light

Stars of Light As The Center of Solar Systems, That We Call The Sun in Our World,  
Could Be A Living Presence And Symbol of The All Knowing Holy Father of the Holy  
Light

Our Stars Would Shine Unconditional Light And Energy To All Beings On The  
Planets

Many Cosmoses Are Constantly Infiltrated By Dark Creatures and Demons From Other Cosmoses That Destroy The Cosmos From Within

Eyowa Thought, What If I Could Create Beings in My Cosmos That Constantly Protect My Cosmos From Intruders?

He Figured Out That The Most Greatest Cosmos Was The Cosmos Where All The Beings In The Cosmos Were Trained in the Way

No Matter How Many Dark Creatures Infiltrated The Cosmos, In Our Worlds, Minds, Bodies, Thoughts And Visions; Every Being Should Be A Being That Eternally And Greatly Resisted The Dark Side

There Had To Be A Great Example, Eyowa Thought. So He Designed The Most Greatest Example He Could Imagine That Could Inspire Every Being in the Cosmos To Follow Him And Find Eternal Life

Eventually Eyowa Embodied This Being Himself And Thought He Should Be The One To Lead Us To Eternal Life

It Was Important For Eyowa And The Holy Father to Create A Test World, Where Beings Through Multiple Lives And Challenges Were Tested if they Could Hold On To The Way And The Christ Within

The Ones That Succeeded Would Find Eternal Life With The Holy Father in The Eternal Kingdom. Only The Beings That Had Proven To Follow The Way and The Christ Could Reach For That Eternal Kingdom

That Test World Became Gaia

Eyowa Thought There Had To be A Great Opposing Force, The Most Worst Example  
Of The Cosmos, The Most Evil Being

Eyowa Worked For Years To Design The Most Ugly, Evil And Sly Being He Could  
Imagine

It Became The Devil or Satan For Mankind

Everyone Who Would Fall For Satan Would Find Eternal Hell Or Could Be Eternally  
Erased From Existence

He Thought It For Many Years Really Through With The Holy Father, And They Both  
Agreed That This Could Create The Beings That Could Help Us Find An Eternal  
Cosmos

Everything Would Be Controlled By The Holy Father

Everyone Who Joined Illuminati or Freemasonry Would Fall To Eternal Hell And Had  
To Start Over Again Or Really Eternally Stay in Eternal Hell

He Thought I Should Also Give Every Being That Would Fall To Eternal Hell An  
Option To Return To Heaven

Whoever Prays To The Holy Father And The Christ, Wherever You Are In The  
Cosmos, Even in Hell, Whatever You Had Done, Would Be Helped To Return To The  
Eternal Heavenly Kingdom

Eyowa Didn't Like Hell At All. He Basically Only Desired A Beautiful Cosmos With  
Beautiful Beings To Have A Beautiful Life

But He Had To Create The Devil And Hell, As A Mighty Great Example To Not Want  
For Yourself And Others

It Could Really Help To Create The Right Beings To Share Eternal Great Life With

We Had To Make The Most Greatest Cosmos To Protect Ourselves From The Most  
Evil And Demonic Cosmoses From Other Creators

Who Follows Eyowa, Wherever You Are In The Cosmos Will be Helped To Find  
Eternal Great Life

Eyowa Is The Creator of Our Cosmos As Holy Hand Of Our Holy Father That  
Helped The Holy Father Make A More Impeccable Great Cosmos To Help Us Find  
Eternal Great Life
