"Al-Masih (is) The Eye of the Storm"
— Messiah (Netflix) —

All physical matter; everything We have
around us and inside us is part of a frequency.
And if We alter that frequency; the structure
of that matter will change

It will alter reality

Time and space are no longer as We
previously expected as it was. A new reality
will form; based on our beliefs, thoughts and
convictions of everything

The World Will Magically Transform in Divine
Timing for the Ones Who've Answered the Call

A Move to A Higher Dimension

The Fifth Dimension and the Kingdom of
Eyowa

Almost all of the old world is set up to make you
asleep and to keep you asleep. Your television
shows, your newspapers, your sports shows, your
streamingservices, your internet alignment, your
endless access to free porn

Or do you want to wake up and learn there is
more to life?

Do you want to see through the rabbit hole and
wake up from the lie you live in? Or do you
rather follow everything you've been told and
don't want to think for a moment for yourself?

Do you rather live the lie or find out the truth?

Read my books to help you awaken or risk to
receive the Mark of the Beast, to fall to hell

You have been warned!

"This is your last chance. After this, there is no
turning back. You take the blue pill – the story
ends, you wake up in your bed and believe
whatever you want to believe. You take the red
pill – you stay in Wonderland, and I show you
how deep the rabbit hole goes. – Remember, all
I'm offering is the truth – nothing more"

— The Matrix (1999) —

A Blissful Return to God's Glory

De NAVO-top is een gemeenschap met totaal
verkeerde intenties. We moeten meer geld

And to find Heavenly Order, where in the end

**Eyowa zal in de Harten van Mensen Leven om
de Wereld te Betoveren tot God**

"Finch: I want to ask a question, Dominic. I don't care if you answer me or not. I just want to say this aloud... The question I want to ask is about St Mary's and Three Waters. The question that's kept me up for the last 24 hours, the question I have to ask, is: What if the worst, the most horrifying, biological attack in this country's history was not the work of religious extremists?

Dominic: Well, I don't understand. We know it was. They were caught. They confessed.

Finch: And they were executed, I know. And maybe that's really what happened. But I see this chain of events, these coincidences... and I have to ask: What if that isn't what happened? What if someone else unleashed that virus? What if someone else killed all those people? Would you really want to know who it was?

Dominic: Sure.

Finch: ... Even if it was someone working for this government? That's my question. If our own government was responsible for what happened at St Mary's and Three Waters... if our own government was responsible for the deaths of almost a hundred thousand people... would you really want to know?"
— V for Vendetta (2005) —

"I must not fear.. I must not fear..

Fear is the mind-killer..

Fear is the little death that brings obliteration..

And i'll face my fear and i'll permit it to pass
over me and through me..

And when it has gone past.. I will turn the inner
eye and see its path..

And where the fear is gone, there will be
nothing..

Only i will remain.."

— Dune (2021) —

I talk a lot about the dark, evil secret societies within my books that manipulate this world deeply, from the shadows, for their dark agendas; the Illuminati, Freemasonry, Deepstate and 13 Richeſt Satanic Families

But there are also a group of people and benevolent secret societies all over the world, that form, for many, many years a Great Plan, backed by the Galactic Federation of Light and Prime Creator, to release us from the Dark and Very Malevolent Forces and Systems that are Active on Gaia

There are many Great People in Benevolent Secret Societies forming a Great, Great Plan to Rescue us From the Depths of Hell that this World is Heading to

The Great Plan will Unfold

For the Dark Side of Infinity and the Light Side of Infinity

Hold yourself to the Light, the White Hats, the Benevolent Forces on Gaia to Reach for Heavenly Order and a deliverance from the Unlight

To Find Heavenly Order

Ik ben te erg beschadigd Vader. Geef me de
kracht en de liefde die ik nodig heb om te
helen. Mijn ziel schreeuwt om heling. Ik heb
liefde nodig Vader. Ik ben te erg beschadigd

Alstublieft Vader

Ik smeeek het U

Ik leef in mensen die van mij houden

Mijn Heilige Hart zal wonen in de Mensen die
zich vasthouden aan het Hart van Eyowa

Zij zullen de Weg vinden terug naar het
Koninkrijk van God

Zij zullen het Eeuwig leven kennen voor
diegene die nooit loslaten en voor Eeuwig
verbonden willen blijven met het Licht en de
Weg van de Heilige Volmaakte Bron

In Divine Moment Everything Will Change

“The Art of Peace begins with you. Work on yourself and your appointed task in the Art of Peace. Everyone has a spirit that can be refined, a body that can be trained in some manner, a suitable path to follow. You are here for no other purpose than to realize your inner divinity and manifest your inner enlightenment. Foster peace in your own life and then apply the Art to all that you encounter.

One does not need buildings, money, power, or status to practice the Art of Peace. Heaven is right where you are standing, and that is the place to train”

— Morihei Ueshiba —

The Saving of Humanity will be a Close Call

Humanity is on a terrible road to hell

People are deeply ignorant, selfish and stupid

Do the Great Work to align with the most
positive timeline

Or risk to fall to hell

You have been warned!!

**The Word of God leads to the Kingdom of
God**

"Then into your life, there comes a darkness
There's a spacecraft blocking out the sky
And there's nowhere to hide
You run to the back and you cover your ears
But it's the loudest sound you've ever heard
And all we trapped ragdoll cloth people
We are helpless to resist
Into our darkest hour

But it was just a laugh, just a laugh
Just a laugh, just a laugh
Even at this angle
And so we crumble
A ten ton head, made of wet sand
This dread circumference
You've gotta be kidding me
The grass grows over me
Your face in the grass, in the grass
It was just a laugh, just a laugh
It's whatever you say it is
In split infinities

Then into your life, there comes a darkness
And a spacecraft blocking out the sky
And there's nowhere to hide
You run to the back and you cover your ears
But it's the loudest sound you've ever heard
Into your darkest hour"
— Radiohead (Decks Dark) —

Must Arrive

Eyowa is that Great Man

He Will Help us Escape Hell

He Will Help us Reach Enlightenment

He Will Help us Find the Way

He Will Help us into Heavenly Order

Listen Carefully what he has to say

God Has Spoken

When more and more reflections of the soul appear in the world, instead of reflections of the ego, the world will be pulled to Heaven, instead of the world being pulled to hell

When you embody a higher level of consciousness, you will start to lose interest in low level consciousness media and things. When aligning with the Christ Consciousness, Unity Consciousness and stepping out of duality and time, you start to lose interest in all the 3D drama that is active on Gaia, you start to align with the World, Vibrations, Frequencies and the Resonances of the Fifth Dimension

Who rejects the One will fall to endless hell
or will be removed from existence

You Have Been Warned

ABOUT ME

2

Deeply ignored by friends and family (while they love me and care for me but totally don't understand me)

Abandoned and deeply ignored by my best friends

Terribly broken by a girl who i deeply loved and thought she was my one. Deeply ignored by her for years, who let me feel she was my girl, but she wasn't, while she fucked other guys

No success with my talents for 25 years. Deeply ignored by life and friends who i thought were real friends. Who i really believed in, because that's what i do

The worst schizophrenia you can ever imagine for 20 years of deeply mental disaster

Deeply heavy anxiety disorder, because of many deep trauma's of the terrible, horrible hellish psychosis for many years with hundreds of little psychosis

Deeply depressed for many years to a couple suicide attempts

Deeply attacked by the Dark Side energetically to let him fall to hell over and over again

Lost almost all his friends and family

The most broken person you can ever imagine. Build
up again and again and again from hel and more
hel

But i came back from all this, for what's left in me

He remained an Angel and a Holy Person in
everything that has happened to him

This is the Story of Jesus Christ

He is the Great Darkness and the Great Light

The most broken person is now coming into being to
remove evil from the world and to help us Return to
Paradise and Heavenly Order

He wants to go Home

He is very, very tired

He has made a plan now to save as much souls with
him for the times that is coming for mankind

He wants to make humanity brave and wise so
humanity can withstand the problems We are facing

I am presenting you my son to the World, he could
Save you from Hell

He knows all too well how bad hell is and sincerely
doesn't want you to fall to it because that is his
Great Heart

Listen carefully what he has to say

God has spoken

AFFIRM WITH ME

I Am Harmony

I Am Peace

I Am Truth

I Am Blissful Awareness

I Surrender to the Divine Father

I Become One With the Divine Father

I Am Beautiful Within And Without

I Am Loved

Wie zich aligned met het Werk van Eyowa
(Zijn boeken, kennis, muziek en kunst) zal
geholpen worden verlichting te bereiken en
geholpen worden om een eerlijker,
betrouwbaarder en een warmere ziel te
krijgen. Die u gaat helpen meer Heilig te
worden, zodat als uiteindelijk de Balans van
uw ziel wordt opgemaakt, u terug mag
stromen naar de Hemel en het Paradijs in
plaats voor eeuwig verdoemd te zijn van
Gods, Liefde, Licht en Heerlijkheid

Het is een zware boodschap, maar We kunnen
alleen de Hemel beschermen en in de Hemel
zijn als We ons vasthouden aan de Weg

De Weg die Buddha, Allah, Mohammed, Jezus
Christus en andere grootheden brengen hier
op Aarde

There are many artists and musicians that are greatly aligned with the Way, the Highest Good and the Highest Self

I present them all in the Playlists that i deliver online (In Pop, HipHop, Experimental Music, Film Score And Cinematic Ambient, World Music and other Playlists)

Align with the music of Eyowa to Restore your connection with Source and to help you find Home

ALL HAPPENS FOR DIVINE REASONS

Thank the Devil and Satan. For without Hell,
Eternal Blissful Life Could Not Exist

Choose the Way and Become the Way to Find
Eternal Life and to Always Protect yourself
from the Great Wrong Example of Satan and
His Demonic Kingdoms

Have Unconditional Love to All Life

Without Satan, Creation Could Not Have Been
and Great Life Could Not Exist

Heavenly Orde can Only Exist When There
Can Be Hellishly Chaos

“No tree, it is said, can grow to heaven unless
its roots reach down to hell”
— Carl Jung —

ALL THE RIGHTEOUS RETURN TO HEAVENLY ORDER

All the Righteous who are deeply hurt by
terrible stories, mental illnesses and physical
illnesses will All be Healed to Return to God's
Light

All the Righteous Will be Saved

No Single Righteous will fall to Unheaven

Every one of them is being monitored and
cared for by Angels, the Galactic Federation of
Light, Mysterious Great Forces and by Great
Spirit, the Supreme Being and the Great Eagle

All the Righteous Will travel to Heavenly Order

They Will All be Saved

Trust on the Divine Plan

Trust on the Divine Process

God is With You

And God Will Save You

AWAKEN OR FALL TO HELL

Remove all knowledge that could people find
enlightenment and put them back in their
power

Remove all knowledge that everything is
possessed by Spirit. If people talk about it,
you just say; it is not confirmed by science. So
a very important truth keeps hidden in this
Mystery of Being

Make them ignorant and stupid by giving
them stupid news sources, stupid television
and letting them watch endless ball games to
keep the sheeple asleep

Get them horny on money and materialism so
they are always searching for more and more
and never feel complete. To strive them away
from the Spirit of the Holy Father

Hold all the knowledge to yourself so you are
always many steps ahead of the sheeple

Control them with disgusting media, a debt-slave system that they can't escape, to keep them always in debt

Give them a health care system that is corrupt and based on lies

Kill all the people that find cures to cancer and other diseases, kill the people that find better technology to make a more cleaner and better world, kill the people that become a deep threat to the Satanic plan that is hiding in the shadows

Make sure they don't learn to think for themselves by keeping them always distracted, by news, porn, games and other mind distracting media

Always make sure they are dependent on you and the system

Never let them become independent!

Never allow them to look at the top of the
Pyramid; the satanic elite that enslaved
humanity

And you've created a docile mass that you can
drive anywhere you want to have them

Endless slaves to keep them in a frequency
prison

The Work of the CIA, Illuminati, Freemasonry,
the Deepstate, the 13 Richest and most
Satanic Families of the World

Wake up from the Lie!!

Or continue to fall for their plan to create the
Dark Side of Infinity to everyone; hell for
everyone

Follow Eyowa back to Heavenly Order

Or keep being tricked by the Deepstate to Fall
to Hell

BECOME FEARLESS IN HARMONY WITH THE WAY

Have No Fear to Thoughts and Feelings that
can Move through you in difficult times by
becoming the Silent Observer

Be Brave to all you hear in your mind and Be
Brave to all you feel in your body and you
become a more stable, calm and strong
person whatever happens

Together with becoming a Man of Knowledge
aligned with the Highest Good and the Way;
you became The Force; to Find Eternal Life
and to Become an Eternal Protector of the
Most High

BRAVELY RELIVE YOUR LIFE STORIES THAT STILL HURT YOU

It is important to relive the stories that still upset you or still give trauma or anxiety. To fully go bravely through them to finally release them. By re-telling them with a therapist or a good friend, reimagining them or writing them down

Learn to become Brave against the fears and tears of your trauma's to overcome them by feeling all those stories through (And be in forgiveness to the ones that hurt you, to heal your own heart)

You can only be fully present if you've truly found peace with your past. Otherwise your past will actively hunt you in the present moment, because you run away from your most deepest life stories that you haven't fully and bravely processed yet

I know it can be very hard to Bravely Face your most hardest life stories, but the price is high: you become stronger, braver and you will find a deeper peace within. You return to your full and more complete self

COUNTER YOUR THOUGHTS WITH LIGHT

Counter Balance your bad thoughts with helpful
Lightful thoughts

Counter Balance your bad thoughts with the Holy
Light of the Holy Spirit, the Christ and God the
Supreme Being or other things that gives you
Great feelings of Love and Light

Always counter negative energy and negative
thoughts with Lightfull energy to hold your
alignment with the Holy Light of Heavenly Order
and Heavenly Ways

For some it could also be helpful to just simply
ignore bad thoughts if they didn't hurt you

CREATE A PLAN TO RESTORE DHARMA

We should spend our money We invest in
weapons in presenting Dharma and World
Harmony and World Peace

We should make a serious plan to bring all
nations to peace by promoting Dharma on
television, newspapers, social media and
schools

We should educate our children to become an
example of a rightful being to all beings on
Gaia, including the trees and forests

We should teach the whole world the Way

Because it is the only way to Paradise and
Heavenly Order

Instead of listening to the sly forces on Gaia
that keep us endlessly horney on money and
gold, while raping and murdering Gaia and its
beings

Let's find Dharma for the world to Return to
Source

To Return to the Creator

DE MENSENZOON EN DE MENSENDOCHTER

Eva is de mensendochter

De vrouw der vrouwen

Ze wordt mijn ware

Mijn langverwachte droom gaat in vervulling

1 worden met Eva

Om het Koninkrijk van God te vinden en het
Koninkrijk van God te Brengen

Luister goed wat zij te vertellen heeft

Zij is de stem van de Bron

Ze is de vrouw van de mensenzoon. Ze is de
vrouw van Eyowa

Samen zullen ze de Weg brengen naar het
Paradijs voor alle mensen die willen en kunnen
luisteren

Eyowa gaat zwaar verliefd worden op Eva

Eva gaat zwaar verliefd worden op Eyowa

Zoals God het bedoeld heeft

Voor Eeuwig in Liefde zijn

Voor de mensen die kiezen voor Eyowa en Eva

En terug willen naar Gods Licht, Liefde en
Heerlijkheid

Er gaat een moment komen dat de gehele
mensheid om vergeving gaat vragen aan de
mensendochter en de mensenzoon voor alle
wreedheid die de mens de Aarde en haar
wezens heeft aangedaan

Wie niet oprecht om vergeving vraagt in dat
moment loopt het risico te verdwijnen naar de
hel

Eyowa en Eva kunnen de zonden van de
mensheid schoonspoelen alleen als We oprecht
om vergeving vragen en in de voetsporen willen
treden van de Weg

Wie niet de Weg wil volgen zal verdwijnen naar
de hel

Dit is de laatste waarschuwing voor alle
mensen op Aarde

Neem Eyowa en Eva in uw hart of loop het
risico te verduisteren naar monsterlijke oorden

DE PROTOCOLLEN VAN DE WIJZEN VAN ZION

Lees "De Protocollen van de Wijzen van Zion"
die gratis verkrijgbaar is online. Lees dit
document goed door, die onterecht door de
Deepstate als een verzinsel wordt
afgeschilderd. Het is het werk van de
Illuminati, de Freemasons, de 13 Rijkste
Satanische Families en andere duistere ordes
en figuren

Het is een uitleg van een zeer duister plan voor
een duistere en sluwe nieuwe wereldregering

Laat uwzelf wakker schudden door dit document
en uwzelf een inzicht geven hoe de duivel te
werk gaat op Aarde en al heel veel van dit
duistere sluwe plan heeft gerealiseerd

Laat uwzelf niet wijsmaken door Google en
andere media die dit document afstempelen als
onzin en niet waar

Het is het ware plan van de mensen en duistere
geheime ordes die verbonden zijn met het
onlicht en die u, de Aarde, de dieren en al uw
medemensen wil helpen verduisteren naar de
Hel

DON'T INTEGRATE THE SHADOW OR RISK TO FALL TO HELL

It is not about integrating the Shadow it is about eliminating
the Shadow Within

One leads to Hell, the other to Heavenly Order

Don't make the mistake to think that integrating the Shadow is
the right thing

It is always Right to do what is Right

It is always right to become a force for good in all times and
dimensions

It is always right to be a Holy Being, like Jesus Christ

Instead of going for the devil's, the illuminati's and
baphomet's path that makes you believe you should become a
Soul AND Ego, An Angel AND a Devil, A Light AND your
Shadow

The people who will continue to integrate their Ego, Devil and
Shadow will Fall to Hell in Divine Moment

You have been Warned!!

Stay on the Path of Righteousness, become a Holy Being in
Heaven and Hell

Become A Soul, An Angel and A Light

That is the Great Mission

To Become the Great Darkness and the Great Light Within

Who is an Angel in Heaven and Hell

Don't integrate the Shadow it is a bad mistake, and you could
risk fall to the world of endless pain, suffering and disorder;
unheaven

EEN ENGEL VAN HET HOOGSTE GOED

Een Engel van het Hoogste Goed is niet per se altijd lief. Een Engel van het Hoogste Goed zet zijn sterkere kant in om een vuist te maken tegen alle wreedheid die mensen doen en de Aarde en haar wezens wordt aangedaan

Een Engel van het Hoogste Goed zet Woede en zijn diepe Sterke Kracht in hemzelf alleen in ten Goede. Om anderen te corrigeren, een serieuze waarschuwing af te geven, zoals een Moeder Boos kan worden op haar kind die aan het verdwalen is

Een Engel van het Hoogste Goed gebruikt zijn Woede en Zijn Power als een Zorgzame Functie. Om mensen te waarschuwen dat de Hel in de Buurt is en dat dit het laatste moment is om voor de Hemel te kiezen en het behouden van Orde

Een Engel van het Hoogste Goed wenst niets liever dan Harmonie, Vrede en Liefde, maar zet zoveel mogelijk in, lichtvolle en donkere krachten in hemzelf, om Mensen en Werelden te beschermen van onheil en hel

Een Engel van het Hoogste Goed is het Hoogste Voorbeeld Beschikbaar op Uw Wereld

Een Engel van het Hoogste Goed is iemand als Jezus Christus, iemand als Eyowa Yeshua Krishna

God Has Spoken

EEN WAARSCHUWING VOOR STEMMENHOORDERS

Voor de mensen die stemmen horen:

Alles wat je hoort in je hoofd kan het heden, het verleden, de toekomst, een alternatieve realiteit zijn, een voorstelling, een gedachte, demonen, engelen, projecties van anderen of een mystery

Het kan van alles zijn wat je in je hoofd hoort

Beste is om niks serieus te nemen wat je hoort in je hoofd en er naar te luisteren alsof je radio luistert

En echt heel voorzichtig zijn met te snel conclusies trekken over wat je hoort met altijd de regel dat wat je volgt in je hoofd nooit jou mag schaden of andere mensen of wezens

We leven in de dimensie tussen hemel en hel en echt van alle kanten worden We beschoten met projecties en gedachten van verschillende wezens en praktijken

Het is de kunst om de stille observeerder te worden in je interne wereld alsof je radio luistert, zoals de buddha-meesters ons leren

Wordt de stille bron in plaats van diegene die met hart en ziel in discussie gaat met zijn stemmen. Wie dat wel doet loopt het risico misleid te worden en overgenomen te worden door demonen

Wees heel voorzichtig wat je aanneemt in je hoofd.
Meeste is nutteloze ruis

You Have Been Warned

ELIMINATE YOUR MONSTER INCARNATE YOUR ANGEL

Say No to the monsterly traits within you to eliminate your shadow; your jealousy, your lies, manipulations, deceit, feeling better or worse than others (which is neither true, We are all equal), your hate towards others and to yourself, and all that God has forbidden

To incarnate your Angel: Be in forgiveness to others. Learn to love yourself and learn to love in a detached good and great way others. "Tell the truth or at least don't lie" — Jordan B. Peterson — Be honest. Don't trick people for personal gain. Try to live a life where you don't need to have secrets. Take your own responsibility in life and be for others in need. Don't be so selfish and egocentric. Try to share your money and stuff with others who need it, while making sure you don't get in financial trouble for yourself. Sharing with others; to be in service to others can give you great satisfaction and love. Become in order by making To Do lists and To Learn lists in all areas of life. Connect With God. Ask Him to Help You in this process. Bend sincerely for forgiveness to Him and He Will Sincerely want to forgive you if you want to follow the Way of the Highest Good, the Way of Jesus Christ

Become a better force to being!!

You can do it!!

You are better and stronger than your Shadow!!

You can have a life in Heaven instead of Hell

Do the Great Work to Return to the Creator

I Believe in You!!

ELIMINEER UW SCHADUW EN EGO

Elimineer uw schaduw. Elimineer uw ego

Word bewust van de trucen van het ego;

- voelt zich altijd meer of minder dan anderen
- is jaloers en afgunstig naar anderen
- vergelijkt zich continu met anderen
- heeft sluwe en valse behoeftes
- manipuleert
- doet dingen wat God verbiedt
- ziet anderen als een competitie
- heeft slechte patronen
- is te vol van zichzelf
- liegt en houdt dingen in het duister (draagt geheimen)

Doe schaduw werk en zelf werk (Maak To Do lijsten en To Learn lijsten op alle levensgebieden en werk ze stap voor stap af)

En kom tot verlichting, harmonie, vrede en balans

Om het Paradijs terug te vinden voor uzelf

En het Paradijs terug te scheppen naar de Wereld

Ieder mensen die zich verlicht en heelt naar zijn ziel in plaats van het ego helpt mee aan het verlichten en het helen van de gehele wereld

EYOWA IS THE WORD OF GOD

I am not impeccable in everything what i say

But i try to be as impeccable as possible in
everything i say

I try to formulate the Word of God

That which is True, Correct, Right and aligned
with the Highest Good

But i am not right about everything i say

But i am good, right and impeccable enough
to be called the Word of God

GAAT U ONTWAKEN EN HET GEWELDIGE WERK DOEN? OF GAAT U VALLLEN NAAR DE HEL?

Westerse wetenschap is diep corrupt

Westerse scholen en universiteiten brengen diepe
indoctrinatie en de verkeerde ideeën naar kinderen
en studenten

Westerse mainstream media is diep corrupt

Westerse gezondheidszorg is diep corrupt

Westerse overheden zijn diep en diep corrupt

Westerse koningshuizen zijn diep corrupt

Westerse inlichtingendiensten zijn diep en diep
corrupt

Westerse goede doelen organisaties zijn diep corrupt

Westerse banken zijn diep en diep corrupt

Ik weet niet alle details van andere windrichtingen,
waarschijnlijk dezelfde corruptie of nog erger

Vanuit ondergrondse gebouwen en geheime
genootschappen over de hele wereld worden We
langzaam naar de duivel en het onlicht gedreven

De grote ontwaking is in volle gang, maar veel
mensen slapen nog

Gaat u wakker worden en opstaan tegen al onze
corrupte instanties en instellingen die ons de leugen
doen leren en ons langzaam steeds verder laten
verduisteren of gaat u mee met de plannen van de
Duivel en de Illuminati en alle omringende Satanische
Ordes?

Blijft u in slaap en gaat u vallen voor het plan van de
Duivel om te vallen naar de Hel?

Of gaat u voor Eyowa de verlosser kiezen, die u, met
alle mensen en zielen die met hem zijn, gaat helpen
ontwaken en u een reis aanbiedt om terug te keren
naar Gods Liefde, de Waarheid en het Licht van
Christus?

Wat gaat u keuze zijn?

Wilt u liever een duivel worden en door blijven
slapen?

Of gaat u met vele andere moedige zielen het
donkere konijnenhol aan en moedig voorwaarts naar
een Nieuwe Aarde onder de Zon van het Licht in
plaats van de Zon van de Duisternis?

Dit zijn de laatste dagen

Bereid u voor

GOD DESIGNED ME TO BECOME THE EAGLE

After a life of deeply ignoration for my work, heart and soul, Great Spirt - The Great Eagle presented me a dream within dreaming. That i faced endless obstacles, finding my way through to become something within this world, while constantly being ignored by friends in the music industry, labels, people that saw my talent but did not gave me a chance. After that a new set of challenges were shown in the dream which was all representative for my real life. Finally, i walked out of that door into the light where i saw Eva, the girl i was chasing for 13 years, but again she deeply ignored me, to be disappointed once again. And then it happened. I walked further in the Light, while my body and being became an Eagle. And i woke up

Apparently my whole life is designed by Great Spirit for me to become the Eagle now

The Great Balance between Dark and Light -
the One to lead us to Paradise for the ones
who have ears to hear

My books and music can touch people that
live in the Dark and in the Light and will help
them Back to the Way of the Eagle, Great
Spirit and the Supreme Being

It was all design by the Divine Father that i
had no success in music and people would
constantly ignore me, so i found Death within
- non-attachment - and so that i build myself
up from hell and more hell, to a balanced
state where i can handle the darkness of the
most darkest places to find all the answers
that could help people all over the world in
their most darkest times

My knowledge, words and wisdom could help
heal the most sick and most broken people
within this world

I have learned to Balance myself through the
Most Darkest Energies and Trauma's

I am here now to bring you all the answers to
heal yourself

Read My Books to Find Out

HELDEN VAN HET LICHT ZIJN TARGETS VOOR HET DUISTER

Als je een dreiging bent voor het duister op aarde. Als je een held van het licht bent en je sterk inzet voor het juiste en het goede dan wordt je een target voor het duister. Sommige mensen kunnen een regen van duistere gedachten krijgen om je te laten zelfmoord plegen. Dit is 1 van de manieren waarmee het duister je kan uitschakelen, op afstand, zonder vingerafdrukken. Gewoon een stroom van negatieve dachten sturen en zelfmoord suggesties afvuren op iemand en iemand die niet genoeg bewust is van zijn interne wereld en te weinig mind control heeft kan gevoelig raken voor deze dodelijke gedachte-suggesties

Er is op Aarde een hele heftige spirituele oorlog aan de gang

Hou u vast aan het licht en het goede en neem niet alles serieus in je hoofd

Doe de Great Work en al het andere werk dat ik bied in mijn boeken om u beter te beschermen tegen het onlicht

Dit zijn duistere en moeilijke tijden

Hou je vast aan het Licht, Liefde en het Leven

Verzet je tegen de duistere machten op aarde en Wees beschermd door je blijvend te verbinden met de Bron

Het Licht van Christus

HERBELEEF JE VERLEDEN EN LAAT HET LOS

Relive the Stories that made you a strong
person. Forgive the people that hurt you and
let go of your past

We Are Going to a New World

It is time to Let Go of the Old Ways and Old
Memories

It is time to Connect With The Most High to

HOLD ON TO YOUR LEFT SIDE AWARENESS

1

**My Right Side Awareness Became Death instead of an Evil
Monster**

I Hold on to my Angel in all timelines and Dimensions

To my Left Side Awareness

The Place Where Your Heart Is

Follow Your Heart They Say

Follow Your Left Side Awareness

Instead of Becoming A Demon In Hell or Find True Death

I Became The Balance Between Life and Death Now

The Highest Good On Your World

God Has Spoken

HOLD ON TO YOUR LEFT SIDE AWARENESS

2

Hold on to your Left Side Awareness to Hold
on to the Active Side of Infinity; to Hold on to
Heavenly Order

Or keep using your Right Side Awareness to
Fall to the Inactive Side of Infinity; to fall to
Endless Hell

Somehow i became the Great Darkness and
the Great Light to become the Great Balance
for the Final Warning and the Final
Judgement

I Hold in all timelines and dimensions my
awareness to my Left, i follow always my
heart, which is on the left side, to always
choose the Way to Heavenly Order instead of
the Right Side Awareness which leads to a
path away from the Way to Endless Hell

HOLD ON TO YOUR LEFT SIDE AWARENESS

3

We have two eyes, but one of our eyes is
dominant

Keep your left eye dominant to align with
Heavenly Order

Keep your right eye dominant to align with
hell

It automatically happens to the Righteous that
their dominant eye becomes their left eye

It automatically happens to the wicked that
their dominant eye becomes their right eye

Time to fall to hell for the wicked

Time to Rise to Heaven for the Righteous

Time has come

HOW TO FIND YOUR GIRL

As a man; don't chase women. Become the man a woman desires by working to become your highest and truest, independent self

Create a life where you don't need a woman and you're full and complete without her, while you hold a door open for the one that could be a nice partner to share a life with

The one that truly doesn't need a woman will attract more women than the one that desperately desires one

Die in your endless desires for a girl! And work on yourself to become the ideal!

I AM THE GREAT WARNING

I have been a Star Traveler in previous lives
to explore and discover worlds across the
Galaxies. I went too far in one of those lives.

I crossed borders that i should not cross. I
went to Endless True Hell. It was a terrible,
terrible, horrible experience. Something you
almost can't recover from once your back. The
Father although saved me and brought me
back

I am here now on Gaia for multiple reasons

One of the Reasons is that i became the Great
Warning. That there are forces and places We
should not know and explore

It is a very, very dangerous road to cross
borders We should not cross

It is also very dangerous to ask too many
questions about the nature of reality and how
the Cosmos was created

It will not be known Eternally

The ones who search for those answers will be
deeply warned by a terrifying Force that could
let you fall to Endless Hell

You Have Been Warned!!!

Focus on having a Great Life

It is about Love, Light and Life

To Serve, to Protect and to Enjoy

We will not understand everything ever

It is not to be understood

It is to be experienced

Becoming the Hands and Feet of the One
Infinite Divine Creator to Have Eternal Great
Blissful Life

Don't be stupid please

Don't ignore this Great Warning

You risk Endless Hell if you do

YOU HAVE BEEN WARNED!!!

YOU HAVE BEEN WARNED!!!

I AM THE KEY TO ETERNAL LIFE

I Hold the Key

Whoever Finds Me Holds the Key To Paradise

I Am The Answer To Find Eternally Heavenly Order

I Am The Way, The Life and The Truth

Forever And Ever

And I Will Guide You Forever And Ever To the Eternal Light
of The Supreme Consciousness

The Supreme Father

God Has Spoken

I EMBODY THE CHRIST

I embody the frequency of Love, Light and Life

I embody the Truth

I embody the Way

I embody the Christ

I become the Embodiment of the Ideal

I WISH THAT ALL OUR DREAMS COME TRUE

In the End i want people to feel happy, to feel loved, to feel energetic, playful, funny and experience a great reality that they desire

In Harmony with the Way i wish that everyone finds Love, Light, True Happiness and that all their dreams come true

A Dreaming Reality

A Mystery of Life

Becoming Source

The Christ Within

Heavenly Order

IT IS ALWAYS RIGHT TO DO WHAT IS RIGHT

Although We are all connected to a shadow
side, an ego and a devil; We should do
everything to eliminate this side within us

And in that Way We restore Heavenly Order
and Paradise for ourselves so our demon stays
in Hell

Heaven and Hell are interlinked

Angels and Demons are interlinked

Souls and Egos are interlinked

And when a Heavenly World starts to fall, our
ego's and false selves starts to return if We
haven't learned the Way in all timelines and
dimensions, if We haven't learned to keep our
Angels in all timelines and dimensions

It is possible. I have done it

I kept my Angel in Hell and True Hell

I have not become a demon in all timelines
and dimensions

The Father made me the Great Example

To Help us Hold Our Paradises and Heavens
Eternally by doing always what is right, to
always be the Way and hold the Way

That is why i so deeply love the quote of
Martin Luther King

He said: The Time is Always Right to Do What
is Right

JE BENT HET WAARD!

Ook al ben je wellicht bang voor liefde,
probeer te gaan voor liefde. Heel je gebroken
hart door jezelf, door de liefde van God je
hart te helen

Leer op een onvoorwaardelijke liefdevolle
manier naar jezelf te kijken. Naar al je
zwakke en mindere kanten van jezelf. Probeer
het te transformeren naar het juiste en het
goede en geef jezelf de liefde op een ziel
manier, niet op een ego manier

Voel je nooit meer of minder dan anderen,
dat is de ego manier

Wees nederig, liefdevol en respectvol naar
jezelf en anderen. Zie jezelf als een gelijke
naar jezelf en anderen. Dat is de ziel manier

Heel je gebroken hart om weer te durven
kiezen voor liefde

Je bent het waard!

KARMA HAS ARRIVED

We should destroy and eliminate all companies,
organizations and secret societies that are a disease
to the Animal Kingdom, Nature and Mother Gaia
itself

We should make a Great Plan to give justice to the
ones responsible for killing our wildlife, killing
forests (which are the homes of many animals) and
killing endless trees, polluting the oceans and the
air, being a terrible force against all the animals that
We eat and creating endless patents so true great
technologies and remedies to our problems can't exist

The ones responsible WILL BE HELD ACCOUNTABLE

Many will face True Hell and True Death in Divine
Timing

Mankind has proven to be a terrible disease to its
Mother and Beings just because everyone wanted the
new iPhone, the New Car, the New Kitchen or other
materialistic things that keeps you endlessly away
from the Kingdom of God within and the Kingdom of
God without

Time For Justice

Judgement Day Has Arrived

Time to Put Some Sick Psychopaths to Where they
Belong

KARMA HAS ARRIVED

KNOWLEDGE 52

"A man who lies to himself and the world is a terrible disease and risks to fall to hell"

"Don't hold on to people that don't care for you, that don't love you. You should be loved and cared for by your people. If you don't feel loved, leave them. Work on your shadow and become a greater person and find the people that truly care for you and love you. People should be loved instead of being deeply ignored"

"Hold yourself to the coordinates of Love, Light and Life. The 3 Truths. To not get lost in existence. To hold on to the Supreme Being and Heavenly Order"

"If your mind is clouded with thoughts and you feel disturbed; find the silence within by breathing deeply through your belly in and out for multiple times. It will help you recover your buddhamind. It will help you find inner peace"

"Inhale Slow and Deep through your belly, repeatedly, to find Inner Peace. The Silence Within"

"Some animals truly understand it. Constantly holding on to their Angel. Constantly being kind and having compassion and love. Many

animals are a gift to Humanity, who sadly has disappointed them deeply. Animals are precious beautiful honest beings if We mirror our own Angel to them"

"Te Diepe Vragen stellen leidt tot eindeloze hel. Je Bent Gewaarschuwd!! Volg de Kennis van de Ware om je te beschermen en het Eeuwige Leven te Vinden. This is bigger than what you can imagine"

"The Great Awakening is happening on YouTube and on your Social Media if you follow the right channels. Not on your Mainstream Media. Follow the people that i present in my books and it will help you find others that are aligned with the New Earth and the New Ways"

"Try to have an open vibe to everyone you encounter, while you holding a door open to distrust them and try to see through the lies and deceptions of people. Everyone deserves a second chance. People could miraculously turn to Angels after long times holding on to the Demons path. Be careful for people who are not easy to trust, but have an open vibe to everyone you encounter"

"Zet al je thema's van al je apps en software op lichtvolle modus om je meer te verbinden met het Licht, om je meer te verbinden met de positieve tijdlijnen en het Licht van de Bron"

“Wetenschap wordt zwaar ingezet als een
onthouding van de Spirituele Dimensie en een
onthouding van Gods Liefde, Vrede en
Heerlijkheid”

“What you think of and what you encounter will
echo inside you. Become the Way, Dharma and
the Christ Consciousness to become a Great
Echo to all life and all of Existence”

“You Are the Universe Around You and You are
the Universe Inside You”

KNOWLEDGE 53

“Heb goede affirmaties over jezelf. Het maakt
je stabiel, sterker en krachtiger. Woorden
zijn magie. Het creëert betovering. Wat je
zegt over jezelf betovert je”

LESS WORDS IS MORE

Too many words, too many mind creates too many distractions of the heart and soul. The mysterious self, that is beyond words, that has no words. The silent observer. The silence within. The True Self. Instead of all the mind and word porn

Focus on beautiful landscapes, beautiful music that has no words, find the beauty of silence in your everyday life to find the Buddhamind within. True Emptiness

"If you have not linked yourself to true emptiness, you will never understand the art of peace"

— Morihei Ueshiba —

LET GO OF YOUR PAST

Have peace with your past life. Have peace with the people that deeply hurt you. Learn to be in forgiveness and understanding. Most of the people that abused and misused you, had troubled minds, came from troubled families and had troubled stories. Learn to understand them in a soul way.

Try to understand them and forgive them for hurting you, while you remove them out of your life if they hold on to the ways that cause pain and suffering

There is enough knowledge and people now that could help you release your traumatic experiences and bad lifestyles to help you align with a way of life that is productive and that could heal you to a blissful life

Let the people go that don't want to work on themselves and hold on to ways of being that keep them in suffering and help suffering to others

Not everyone will move to the New Earth and the New Ways

Let the People go that hold on to 3Dimensional Duality Reality

Be in forgiveness to them. Let go of your life with them and align with the Future. The Future that brings you to the Highest Possible Timeline. The Timeline that Lets you find Heavenly Order

We live in a living mystery. This is bigger than what you can imagine. Protect yourself by not thinking too deep and not thinking too far.

Not everything is to be understood. Know thyself and know others, but don't know everything. Searching for the Nature of Reality and the Explanation of Everything could lead to endless, endless HELL. OMARM AL JE EMOTIES

Omarm al je emoties. Ook de diepere emoties die ontstaan bij overlijden en loslaten. Alle 4 de basis emoties hebben een mooie reden in het bestaan. Omarm ze alle vier met liefde in plaats van wat ons geleerd is dat alleen gelukkig zijn en blij zijn goed is. Diepe emoties zijn prachtig. Ontroering is mooi. Tranen van loslaten is diep en mooi. Tranen is het helen en het verbinden met het hart. Omarm al je emoties met liefde om een completer mens te worden

ONZE VADER

Praat tot de Vader. Heb eindeloze gebeden tot de Vader.

Weet dat je nooit teveel voor hem bent en hij altijd naar je zal luisteren en je verhaal zal aanhoren. Bid tot de Vader. Hou je verbinding met de Schepper in stand. Vertel hem je pijn, liefde, angst en verdriet. Laat hem weten waar je dankbaar over bent. Laat hem weten wat je voor jou en anderen wenst. Laat hem weten wat je nog wil leren. Laat hem weten waar je mee zit

De Vader is een eindeloze liefdevolle God die al onze gedachten, verlangens en gedragingen kent

Een bewuste verbinding met de Vader kan ervoor zorgen dat de Vader meer in je gaat wonen om je te helpen en te ondersteunen in alles wat je bezielt en verlangt

De Vader is een Liefdevolle, Gulle God

Hou van Hem. Laat zijn verlangen uitkomen dat je kiest voor de Weg, de Waarheid en het Leven en laat je dromen uitkomen die God voor ogen heeft voor jouw Aardse en Kosmische missie

We zijn allemaal kinderen van de Vader

Verdwaal niet van hem

Hou tot in eeuwigheid een verbinding met de Vader

Laat hem in je wonen

Vraag om de Heilige Geest

En kom thuis bij de Bron: Gods Oase van Liefde, Geluk en Heerlijkheid

OPEN JE HART NAAR ELKAAR

Open je hart naar mensen. Deel de waarheid vanuit een oprechte liefdevolle houding en zie of er een diepe verbinding ontstaat in plaats van de continu oppervlakkige gesprekjes van veel mensen in deze wereld. Die ervoor zorgt dat er niks gebeurt en alles in deze wereld langzaam verdwijnt naar de hel, omdat niemand zijn hart opende en zijn ziel toonde en iedereen zich mee liet voeren met het satanische systeem waar niet over gesproken wordt

Open je hart naar elkaar

Het creëert meer liefde en het creëert meer romantiek

Iets dat deze wereld zwaar nodig heeft om zichzelf terug te vinden

OUR MOTHER IS DYING

"Eywa, the "Great Mother" in the *Avatar* universe, represents a profound spiritual concept for the Na'vi, the indigenous people of Pandora. From a spiritual perspective, Eywa is far more than a deity to be worshipped; she is the living, breathing essence of Pandora, a planetary consciousness that permeates all life.

Here's a breakdown of Eywa's spiritual significance:

- **A Living, Tangible Deity:** Unlike many Earthly religions where God is an abstract concept, Eywa is a scientifically provable reality for the Na'vi. She is a vast, interconnected neural network formed by the plant life of Pandora. This allows the Na'vi to physically connect with her through their "queues" (neural tendrils), experiencing a direct, undeniable communion. This tangible connection removes any doubt about her existence for them, making their faith a knowing rather than a belief.
- **The Embodiment of Interconnectedness:** Eywa is the ultimate symbol of unity and

interdependence. Every living thing on Pandora, from the smallest plant to the largest creature, is connected to her, and thus to each other. This biological network facilitates the flow of energy, memories, and consciousness throughout the planet. The Na'vi understand that "all energy is only borrowed and one day you have to give it back," emphasizing their deep reverence for the cycle of life and their role within it.

- **Source of Wisdom and Ancestral Memory:** Through Eywa, the Na'vi can access the collective memory of their ancestors and even communicate with their spirits. The "Tree of Souls" and other similar flora act as interfaces to this global brain, allowing them to draw upon the wisdom and experiences of those who have passed on. This provides a sense of continuity, ensuring that their history and knowledge are never truly lost.
- **Guardian of Balance:** Eywa acts as the planet's self-regulating mechanism, maintaining the delicate ecological balance of Pandora. While she is not seen as taking "sides" in conflicts in a human sense, she protects the overall balance of life. When Pandora is threatened, as by the human invasion, Eywa can influence the behavior of the planet's flora and

fauna to defend itself, acting as a planetary immune system.

- **Pantheistic/Animistic Worldview:** The Na'vi's relationship with Eywa is deeply pantheistic or animistic. They don't believe in a God separate from creation; instead, God *is* creation. Eywa is in the trees, the ground, the sky, the animals, and in the Na'vi themselves. Every aspect of their lives is intertwined with Eywa, fostering a profound respect for nature and a commitment to living in harmony with their environment.
- **A Different Concept of Death:** For the Na'vi, death is not an end but a return to Eywa. Their spirits and memories become part of the collective consciousness, allowing them to live on within the planet itself. This understanding alleviates the fear of death and reinforces their connection to the larger cycle of life.

In essence, Eywa represents a spiritual ideal where divinity is immanent, directly experienced, and inextricably linked to the natural world. It's a powerful portrayal of ecological awareness and a holistic worldview, where the health of the individual and the community is dependent on the health of the planet as a whole"

THE ZONE

De Weg zal je laten verbinden met "The Zone"

"In spiritualiteit verwijst "The Zone" vaak naar een staat van diepe concentratie en verbondenheid, waar iemands prestaties of ervaringen moeiteloos en optimaal verlopen. Het is een moment van absolute focus, waarbij je volledig opgaat in de activiteit en de wereld om je heen even lijkt te verdwijnen.

Meer uitleg:

Focus en Flow:

"The Zone" is een toestand van flow, waarbij je zo in het moment bent dat je alles om je heen vergeet en je volledig opgaat in de taak die je uitvoert.

Verbinding:

Het is een staat van diepe verbinding, niet alleen met jezelf, maar ook met de activiteit zelf en soms zelfs met een groter geheel.

Moeiteloosheid:

In "The Zone" ervaar je een gevoel van moeiteloosheid, alsof de handelingen vanzelf gaan en je niet hoeft te worstelen of forceren.

Verhoogde prestaties:

Hoewel het niet altijd een prestatiegerichte staat is, kan "The Zone" wel leiden tot verhoogde prestaties, omdat je volledig gefocust en in harmonie met je taak bent.

Spirituele betekenis:

In spirituele context kan "The Zone" ook verwijzen naar een dieper gevoel van verbondenheid met het universum of een hoger bewustzijn.

Persoonlijke ervaring:

Iedereen kan "The Zone" op zijn eigen manier ervaren, en het kan voorkomen bij verschillende activiteiten, zoals sport, kunst, meditatie of zelfs alledaagse taken.

In essentie is "The Zone" een staat van optimaal functioneren, waarbij je je verbonden voelt met jezelf en de activiteit, en waarin je in een staat van flow verkeert"

Finding Eternally Heavenly Order

TOO MANY MIND TOO MANY WORDS

Too many mind and too many words to explain
yourself is a sign you don't get it yet

"If you can't explain it to a six year old, you
don't understand it yourself"
— Albert Einstein —

Life is far more simple

The Universe isn't complicated

Mankind makes it all far too complicated

Because it became too much ego

Which distorts the truth and fills itself with
endless deceptions, lies and difficult
translations of everything

Return to your simple beautiful soul

The silence within

(by doing body scan meditations, listening to
music without lyrics and words, by watching
pictures and scenery without text, by having a

silent moment every day for yourself, by going
out in nature, by reflecting what is inside
instead of a constant focus what is only
outside, by becoming more love, embodying
more light by holding on to the Way, the Life
and the Truth, by becoming the Christ
Consciousness by following the Way and
letting the Holy Spirit within)

To speak in less words

And to have little mind

To become the Observer of body, mind, spirit,
soul and the external world

A Complete Full Soul Embodied Being

Who has eliminated all the distortions of the
Ego self; the false self

To Become One with God

The Divine Self

V FOR VENDETTA

In my opinion: "V for Vendetta" is one of the
Greatest movies in the history of mankind

It's about the deep corruption of our governments,
media, world organisations and the catholic
church

It's about the Truth

It tells the story what should happen when a world
corrupts

People should stand up against corruption and the
destruction of Gaia and its beings

Watch the movie V for Vendetta again, de-program
and re-program yourself, and be inspired to stand
up against your corrupt governments and systems
when the final fight against the deepstate begins

VERBETER UW DROOM

Veel mensen in deze wereld dromen
superlelijk door het schuldslaaf-systeem en
indoctrinatie systeem via overheden,
wetenschap, scholen en nieuwsmedia door de
Illuminati en de Deepstate

Ik ben hier om u een laatste kans te geven
om uzelf aan te sluiten bij de Schepper

Ik probeer u weer aan te sluiten op de Bron,
het Christusbewustzijn en het
Droombewustzijn van de Schepper

Om u te helpen het Paradijs in uzelf en de
wereld terug te vinden

Sluit uzelf aan bij Eyowa of loop het risico
naar de hel te vallen met uw lelijke manier
van dromen en de realiteit ervaren

U bent gewaarschuwd!

VERWIJDER ONLICHT UIT UZELF DOOR DE GREAT WORK

Volg de evil spirits in jezelf niet. Creatie zit vol met evil spirits en ook in vrijwel ieder mens. Het is de kunst om altijd voor de Heilige Spirit te gaan en de evil spirits in jezelf niet te volgen. Het is de kunst om de Weg te volgen en de Great Work te doen om je zoveel mogelijk te verbinden met de Heilige Bron zodat evil spirits zoveel mogelijk uit je verwijderd raken

De evil spirit is een manipulatieve spirit, liegt, bedriegt, en houdt van haat, afgunst, jaloezie, is uit op wraak, wil doden, stelen en alles doen wat God verboden heeft

Geef alle evil spirits in je 1 naam en iedere keer dat het opkomt zeg je die naam tegen die spirits waarbij je afstand creëert en dus niet die spirit wordt. Doe dit vaak genoeg en deze spirits zullen meer op afstand blijven

Als je echter een hele gevaarlijke evil spirit voelt opkomen zeg er fel NEE! tegen (in naam van de Vader, de Zoon en Heilige Geest) en laat het daarna los door je te focussen op het licht van Christus, het Paradijs en de Engelen van het Licht

Volg de Weg van Eyowa om je te verbinden met de Heilige Bron en om Evil uit jezelf te elimineren

VIND GEZONDE ONTHECHTING

"Alle gehechtheid is lijden"

— Buddha —

Wees onthecht van vrijwel alles en vind de
Buddhamind in ieder moment, terwijl je je blijvend
verbindt met de Weg, de Schepper, je wederhelft
en je verantwoordelijkheid over je kinderen

Onthecht je van spullen, mensen, dieren en andere
wezens en dingen waar je aan kan hechten

Volg de Weg om altijd het Christusbewustzijn te
zijn en het juiste te doen en te zijn. Maar laat
mensen los als het tijd is, laat je huisdieren los als
ze dood zijn gegaan en laat je hechting los van
spullen

Onthechting maakt je vrijer en minder obsessief.
Het geeft meer vrede, kalmte en verlichting

Het verlicht je van eindeloze obsessies en
vastklampen

Het brengt heling en verlossing van lijden

Een gezonde onthechting helpt je op weg naar het
paradijs

everything"

VIND HET TEVREDENHEIDSBEWU STZIJN

Tevreden en dankbaar zijn met minder is een
mooiere reis dan de eindeloze rusteloosheid
en verlangen naar meer en meer

Het tevredenheids-bewustzijn brengt je naar
het nu, een einde van gejaag naar eindeloze
verlangens

Sterf in uw eindeloze ontevredenheid terwijl u
met alle middelen die u hebt het beste
probeert ervan te maken

De reis te worden in plaats van eindeloos
gejaag naar onvervulde doelen

Zie waar u allemaal dankbaar en tevreden
over kan zijn

Besef!

En vind het Koninkrijk in uw zelf

WAAROM IS NIET IEDEREEN ZO LIEFDEVOL ALS JIJ?

Lees het boek van de verdwenen Helena
Scheper: "Waarom is niet iedereen zo
liefdevol als jij?" Om te begrijpen waarom
veel mensen vele malen liefdelozer zijn dan
jij

Kom erachter waarom veel mensen vele malen
kouder zijn dan het mooie liefdevolle hart dat
jij draagt

Wellicht kun je het ze dan vergeven en
accepteren dat je in een wereld leeft die
totaal niet resoneert met jouw zielafstemming
en dat jouw grote hart en grote licht nodig is
om deze wereld op te tillen waar velen nog
nooit geweest zijn en wat jij diep in je hart
kent en eigenlijk altijd terug naar verlangt

Een wereld van oprechte liefde en
zorgzaamheid

In plaats van een wereld van liefdeloosheid,
egocentrisme en zelfzucht

WAKE UP

Give the sheeple endless games and media so
they never learn the truth and they will never
look at the top of the Pyramid

Football and other sports are for multiple
reasons: to keep the sheeple asleep, to hold
them dumb and to divide them in to groups to
better rule them

Endless games, entertainment and sick and
dumb news are for the same reasons; to keep
the sheeple asleep, to hold them dumb and to
divide them in to groups to better rule them

The Illuminati and the Deepstate tricked you
deeply

Time to wake up or risk to fall to hell

WE ZIJN TROTS OP U

Dank de Vader voor al uw zegeningen

Vergeet niet de dingen die menig mens over
het hoofd ziet, zoals uw water uit de kraan,
uw inkomen voor eten en drinken, uw veilige
leefomgeving, uw vrije tijd, uw eindeloze
gratis muziek bronnen (zoals youtube, spotify
en andere diensten), uw vermogen om lief te
hebben, uw huidige spullen en kleding die u
bezit en alle andere dingen en mensen die u
voor lief neemt

Wees dankbaar, ondanks al uw lijden

Kijk laag genoeg

Dankbaarheid is 1 van de hoogste vibraties in
deze Universe

Het tilt u op naar een verlichtings-bewustzijn

Wees tevreden met minder

Tel uw zegeningen!

WETENSCHAP IS DIEP CORRUPT

In de wetenschap wordt heel veel helende,
hulpvolle kennis en ontdekkingen
achtergehouden. Er is veel censuur in de
wetenschap en verdraaiing van uitkomsten.
De wetenschap zoals We hem kennen wordt
ingezet om ons diep en diep te laten slapen
van de spirituele dimensie en ons blijvend te
laten focussen op materialisme, weg van Gods
Liefde, Harmonie, Vrede en Heerlijkheid

GATHERED KNOWLEDGE

8

In my journey in becoming my true self i figured out that the true knowledge is already out there. That there is actually no need for me to come forward with my knowledge, because people around the world were already telling what was right. If only We had the wisdom and the courage to listen. This is the knowledge, wisdom and insights i have gathered so far and is in line with the Father "Eyowa". It is the knowledge that has inspired me and the knowledge that confirms with what i know within my soul

"Many people like the "idea" of shadow work, individuation, and spiritual awakening. Few commit to the work needed to cross the

threshold and face the lies of the false personality. It requires a descent into the underworld, confronting "demons" both within and without. All esoteric traditions have taught that awakening is impossible without suffering, disillusionment, and the breakdown of the false personality, which most mistake for their real "I." Psychological distress and not fitting into society can mark the necessary dismantling of the false self, the beginning of an initiation into higher levels of consciousness. But you need to engage in the process sincerely without getting stuck in victim/blame consciousness, i.e., blaming the system, government, economy, parents, your ex, yourself, or anyone and anything. That's when the real work begins"

"Interviewer: From reading your work and
understanding your position on happiness and it
not being the thing to aim for, which really
struck me, because i thought, you know, i
thought life was, the north star of our lives was
to try and be happy. I guess my question is,
what i was going to ask you, that question. -

Jordan B. Peterson: Aim to be good and pray for
happiness. - Interviewer: So the question is
pretty much, that is, what is a better question
for me to ask you? If i'm checking in on you?

Because we asked that question with good
intentions. Are you happy? What's a better
question for me to ask Jordan Peterson? -

Jordan B. Peterson: How are you doing?

Interviewer: How are you doing? - Jordan B.

Peterson: Hmm.. ... brilliantly and terribly.

That's... You know when you listen to a
profound piece of music, one that sort of spans
the whole emotional experience; it's not happy.
Happy is elevator music and probably you just
shouldn't listen to that at all, right? And you

think why? Well it's harmless. It's tricky. It's sweet. It's simple. It lacks depth. It's shallow. That's a problem. It doesn't have that deep sense of awe and horror, i would say, that is characteristic of the best of all music. You know, you listen to some mis simple music so-called. Hank Williams, is a good example. You know, the blues cowboy from the 50s who died of alcoholism when he was 27 and whose voice sounds like an 80 year old man. Simple melody, you know, but.. there's nothing simple in the song and in the voice. It's deep. It's like the blues. It's like black blues in the states from the 20s and this was certainly influenced by that tradition... There's this admission of a deep suffering at the same time as you get the beautiful transcendence of the music and that's meaning, you know. That's awful in the most fundamental sense, but you need an antidote to suffering and it has to be deep and deep moves you tectonically and it's not a trivial thing, but that's better than happiness and maybe if you're lucky, while you're pursuing that and while you're immersed in it, you get to be happy and you should fall on your knees and be grateful for that when it happens, you know. It's a gift. It really is a gift and it comes upon you unexpectedly your happiness, but you aim to climb up hill to the highest peak you can possibly envision and that's better than happiness. - Interviewer: Why did you include terribly? - Jordan B. Peterson: Well, for example, now when i go, wherever i go in the

world: people come up to me and they're usually, i wouldn't say they're happy to see me, they're often in tears, you know, and they often have a pretty rough story to relate; they were suicidal or nihilistic or homicidal or trapped, desperate and they tell me that real fast and then they say i've overcome that to a large degree and thank you for that. And you think, well that's really something to have that happen over and over. In some ways you might think, well how could anything better possibly happen to you? And have people come up to you all over the world, strangers, and open themselves up like that, like their old friends so quickly, but at the same time it's an awful thing, because you see... even in the revelation of their triumph; the initial depth of their despair.. So i wouldn't change that, but it's not nothing and it's certainly not just happiness. It's better than happiness, but it's almost unbearable.. God, tears again.."

And the only way that you could get grants is by using their curriculum for medicine. And they used all of their power... to debunk all forms of natural therapy. And any doctor that dared speak up against them, do you know what happened to them? They were

completely discredited, and their lives were
destroyed, and some of them were assassinated"

"Do not allow yourself to become resentful,
deceitful, or arrogant. - It is in our individual
capacity to confront the potential of the future
and to transform it into the actuality of the
present. The way we determine what it is that
the world transforms into is a consequence of
our ethical, conscious choices. We wake up in
the morning and confront the day, with all its
possibilities and terrors. We chart a course,
making decisions for better or worse. - We
understand full well that we can do evil and
bring terrible things into Being. But we also
know that we can do good, if not great, things.
We have the best chance of doing the latter if

we act properly, as a consequence of being truthful, responsible, grateful, and humble. - The right attitude to the horror of existence—the alternative to resentment, deceit, and arrogance—is the assumption that there is enough of you, society, and the world to justify existence. That is faith in yourself, your fellow man, and the structure of existence itself: the belief that there is enough to you to contend with existence and transform your life into the best it could be.

Perhaps you could live in a manner whose nobility, grandeur, and intrinsic meaning would be of sufficient import that you could tolerate the negative elements of existence without becoming so bitter as to transform everything around you into something resembling hell"

— Jordan B. Peterson —

"Change Requires Involution And Destruction
First - Western society is in a state of decay, which is normal and natural. Civilizations move through different seasons: spring, summer, fall, winter. And just like the seasons of life, civilizations are cyclical. When we think about evolution, it's the changing of form, structure, and the change of anything, evolution is a state of becoming. It's happening whether we're engaging with it or not. People will ask, why is society going this way? Why do things seem like they're getting worse? Because part of evolution is involution, which means that for a change to occur, there must be involution first, which is the destruction of something that already exists.

There is a form of destruction of what already exists happening because there has been stagnation. So, in order for us to evolve into a new form, we actually need to destroy what is currently there"

— Laura Matsue —

"Once you're able to work through your trauma and sensitivity, you'll see that your sensitivity is a gift. For example, sensitivity can allow you to have a very profound spiritual experience, just sitting in nature and observing the elements around you. You can be deeply affected by a piece of music in a transcendent way. Sensitivity can be hard sometimes in a world that often seems pathological. On the spiritual path, sensitivity becomes an asset, enabling you to have higher spiritual experiences and deeper relationships with yourself and others. It's probably one of the most essential aspects to your awakening process"

— Laura Matsue —

"People tend to treat others how they feel inside. People in pain tend to treat others with cruelty, and people who are full of love tend to pour love onto others. But there are exceptions to this rule. Some souls have learned to meet their wounds with such compassion that even when they are in pain, they make the choice not to bleed those wounds onto others. These are the true healers of the world"

— Laura Matsue —

"Some of the gentlest, kindest people I know move through the world almost too carefully, they are often second-guessing themselves, wondering if they're hurting others, and feeling too attuned to those around them. Meanwhile, some of the most harmful people I know rarely ask themselves these questions; they bulldoze through life, putting down and shaming others, never questioning themselves, never feeling guilt for their behaviour, and hardly ever reflecting on their behaviour. The gentle ones need to lift themselves into healthy self-esteem, as they often operate from a place of shame.

The more harmful ones, on the other hand, need to step down from their pedestal and learn to consider others more deeply and develop empathy. If you are an overthinker, know that your sensitivity is often a sign of a conscience. It's a gift. Better to think too much about how you affected others than to hardly ever consider others at all"

— Laura Matsue —

"Sometimes, you need a season of your life when you mute, block, and unfollow as much as you want. It's poor psychic hygiene to give everyone access to you and to expose yourself to everything draining in the world. If a cocoon is exposed to too many foreign invaders, it will not become a butterfly. Especially when you are in a delicate time of transition, containment is needed to protect your energy field"

— Laura Matsue —

"The higher the level of consciousness, the more creative potential you have—including potential to create your reality. However, the higher levels of consciousness acknowledges that it's not the limited and conditioned ego that creates, it's God's infinite creativity which creates *through* you, and to open that flow you must simply clear yourself of all that is in the way of that divine energy to flow through you"

— Laura Matsue —

"The shallower the breath, the shallower the feeling; the deeper the breath, the deeper you feel"

— Laura Matsue —

"You don't need to escape your emotions, you need to feel them. Your emotions are not obstacles to overcome; they're gateways, and when you meet them with full presence, you move through the levels of consciousness - One way to move through different states of consciousness is to fully be with what you're feeling with full acceptance. You allow yourself to fully experience it, whether it's anger, hate, shame, love, or anything else, and that helps you move through the levels of consciousness. You don't move through different states of consciousness by resisting, repressing, projecting, or acting out. This is actually a

fundamental teaching in most embodied meditation practices. I practice a form of somatic meditation where you scan from the toes to the top of the head, allowing yourself to breathe into certain parts of your body, fully experience whatever sensations are there, feel into it, and then let it go"

— Laura Matsue —

"You will feel much better if you create time to go within and self-reflect at the end and beginning of each day, instead of doom-scrolling. Whether that is dissecting your dreams, journaling, meditating, or a combination of all three. Exploring your inner world is a gift you give to yourself, it helps you become more conscious of your relationships around you and makes you a better person in the world"

A SUMMARY OF STORIES ABOUT THE RETURN OF "THE ONE"

The concept of "The One" – a prophesied savior, a returning hero, or a figure destined to bring about a golden age or a radical transformation – is incredibly widespread. It appears in virtually all major religions, countless mythologies, and a vast number of fictional narratives across the world.

It's not possible to give an exact number, as it would be in the "hundreds, if not thousands," if you include all the variations, local legends, and fictional works. However, we can highlight the key categories and examples:

1. Major World Religions: Almost every major religion has a strong concept of a coming (or returning) messianic or savior figure:

- **Judaism:** Awaits the **Mashiach** (Messiah), a human descendant of King David who will gather the exiles, rebuild the Temple, and

usher in a Messianic Age of universal peace and knowledge of God. They specifically await a *first* coming.

- **Christianity:** Believes Jesus Christ was the **Messiah** (Christ, "Anointed One") and that he will have a **Second Coming** to establish God's kingdom on Earth, judge the living and the dead, and bring about a new heaven and new earth.
- **Islam:** Expects the return of **Isa (Jesus)** alongside the **Mahdi** (the "Guided One"). The Mahdi will precede Jesus, establish justice, and unite Muslims, and then Jesus will descend to defeat the Dajjal (false messiah/Antichrist) and usher in a period of peace.
- **Hinduism:** Anticipates the coming of **Kalki**, the tenth and final avatar (incarnation) of Vishnu, who will appear at the end of the current age (Kali Yuga) to destroy wickedness and re-establish righteousness (Dharma).
- **Buddhism:** Awaits **Maitreya**, the future Buddha, who will appear on Earth when the teachings of the historical Buddha (Siddhartha Gautama) have been forgotten, and will rediscover and teach the Dharma, leading beings to enlightenment.
- **Zoroastrianism:** Prophesies the coming of **Saoshyant** (meaning "one who brings benefit"), a savior figure who will lead

humanity in a final battle against evil and bring about the Frashokereti (final renovation of the world).

- **Bahá'í Faith:** Believes **Bahá'u'lláh** is the fulfillment of prophecies about a divine messenger or "Manifestation of God" in previous religions, and teaches that other "Manifestations" will appear in the distant future.
- **Rastafari:** Many Rastafarians believe Emperor Haile Selassie I of Ethiopia is the Messiah returned.

2. Mythologies and Folklore: Many cultures have "king asleep in the mountain" or "returning hero" tropes:

- **Arthurian Legends:** The enduring belief that **King Arthur** is not dead but sleeping, and will return when Britain needs him most.
- **Norse Mythology:** While more about a cycle of destruction and rebirth (**Ragnarök**), figures like **Baldr** are prophesied to return in the new, purified world.
- **Greek Mythology:** While not always a "return" prophecy, many heroes like **Perseus** or **Heracles** fulfill a specific, crucial destiny to save or change their

world. The Oracle of Delphi often foretold such critical roles.

- **Native American Legends:** Many indigenous traditions have prophecies about a culture hero or spiritual leader who will return to guide their people in times of crisis or usher in a new era.
- **Welsh Mythology (Mab Darogan):** A prophecy of a coming Welsh messianic figure who will drive out the English and reclaim Britain for the Welsh.

3. Modern Fictional Narratives:

- **Science Fiction and Fantasy:** *The Matrix* (Neo), *Dune* (Paul Atreides as the Kwisatz Haderach), *Star Wars* (Luke Skywalker, and later Rey, as "the chosen one" to bring balance to the Force), *Harry Potter* (Harry as "The Boy Who Lived"), *The Lord of the Rings* (Frodo Baggins with the Ring, Aragorn as the returning King), *Avatar: The Last Airbender* (Aang as the Avatar), *The Chronicles of Narnia* (Aslan's return, the Pevensies as destined rulers).
- **Superhero Comics:** Figures like **Superman** (though not explicitly "The One" in a prophetic sense, he is the ultimate savior figure whose arrival transforms humanity's understanding of itself).

ABOUT FRIEDRICH NIETZSCHE'S FAMOUS QUOTE

Is the quote "He who has a why to live can bear almost any how" true?

Yes, the quote "He who has a why to live can bear almost any how" is famously attributed to Friedrich Nietzsche, a German philosopher.

It's a powerful and widely recognized statement about the importance of purpose and meaning in life. The core idea is that if you have a strong reason, a deeply held purpose, or a clear goal that drives you (your "why"), you can endure almost any hardship, difficulty, or suffering ("how") that comes your way.

Key aspects of the quote's meaning:

- **Resilience through Purpose:** A clear purpose provides an anchor and a source of motivation, allowing individuals to push through adversity that might otherwise seem insurmountable.
- **Meaning in Suffering:** When one understands why they are enduring a challenge (e.g., for a loved one, a cause, a personal goal, or simply to grow), the

suffering itself can take on meaning and become more tolerable.

- **Internal Locus of Control:** The "why" is internal. It comes from within an individual, giving them a sense of agency and control even when external circumstances are beyond their control.

Famous Application by Viktor Frankl:

The quote gained even more prominence through the work of Viktor Frankl, an Austrian psychiatrist and Holocaust survivor. In his seminal book, *Man's Search for Meaning*, Frankl details his experiences in Nazi concentration camps. He observed that those prisoners who had a "why" – a purpose, a future goal, or a loved one to return to – were far more likely to survive the horrific conditions than those who had lost all sense of meaning. Frankl's logotherapy, a school of psychotherapy, is largely built on the premise that the primary human drive is not pleasure (as Freud suggested) or power (as Adler suggested), but the search for meaning

ABOUT OUR SPIRITUAL TEAM AND OUR RESPONSIBILITY

"If we trust that we are being guided by our soul and our spiritual team, then this also implies, in some situations, trusting that the things that are meant for us will automatically come into our lives at an appropriate time.

As we ourselves directly influence our life and are responsible for it, we are also required to do our part.

Sometimes, the guidance of our spiritual team comes in the form of an idea or something that we read or hear, for example. Our part in the whole is to interpret this for ourselves and then react or implement it.

It's about doing everything we can within our scope. Trusting that our soul and our spiritual team will guide us doesn't mean we can simply do nothing and wait.

We are called upon to do what we can in any particular situation and, at the same time, to trust that the rest, which lies beyond our "reach", will be guided. Only by doing our part in this "teamwork" can we anchor, here on the 3D level, that which exists on our soul level as possibilities.

Following our soul path therefore also means recognising our responsibility and, with the help of guidance from the loving spiritual world, bringing our soul potential here to the earthly level"

— Christina von Dreien —

ABOUT THE ASCENSION TO THE 5TH DIMENSION

In spiritual and new-age contexts, the "5th dimension" refers to a state of consciousness, not a physical place. It's often described as a higher level of awareness, a shift from a 3D (fear-based, ego-driven, and separate) consciousness to a 5D (love-based, interconnected, and harmonious) consciousness. This is sometimes called "ascension."

According to these beliefs, one would "know" they are living in or shifting to the 5th dimension through a series of personal experiences and changes in their mindset. These signs are said to include:

- **Increased empathy and emotional sensitivity:** You feel a deeper connection to others and can sense their emotions more readily.
- **A shift in relationships:** You may find yourself naturally moving away from toxic relationships and gravitating toward more "soul-based" connections.
- **Reduced ego and judgment:** You become less concerned with external validation, opinions of others, and material possessions. You become more accepting of yourself and others.
- **Heightened intuition and awareness:** Your inner guidance system becomes stronger, and you may feel a deeper connection to your "higher self."

- **A sense of inner peace and clarity:** You feel more rooted in the present moment and less affected by past events or future worries.
- **Rapid manifestation:** The belief that your thoughts and intentions are manifesting more quickly into your reality.

These are not scientific claims, but rather a set of spiritual and personal experiences that people associate with a shift in their consciousness. There is no physical test or scientific method to confirm a move to the "5th dimension" in this context. It's a journey of personal and spiritual growth.

What are more signs of living in the 5th Dimension?

As we've established, the idea of "living in the 5th dimension" is a spiritual concept. It's a way of describing a profound shift in consciousness. Building on the previous points, here are more signs that people associate with this spiritual ascension:

Signs of a Shift in Perception and Reality

- **Everything is perceived as energy:** You start to see and feel the energetic nature of everything—people, objects, emotions. You become more sensitive to vibrations and prefer environments with lighter, more positive energy. You realize your own energy is a valuable currency and begin to prioritize "energy hygiene" to protect it.

- **Rapid manifestation:** The spiritual belief is that the higher vibrations of the 5th dimension make it easier to co-create your reality. Your thoughts and intentions seem to manifest into your physical world more quickly.
- **Time feels different:** The linear, rigid concept of time (past, present, future) may begin to feel less important. You might feel more "in the moment" and have a stronger sense of the "eternal now."

Changes in Your Inner World and Thought Patterns

- **Diminishing ego:** You become less affected by the opinions, criticism, and praise of others. You are no longer driven by the need for external validation or status.
- **Inner truth becomes paramount:** It becomes difficult to act out of alignment with your core values and inner truth. You feel a strong pull to be authentic and honest in all aspects of your life.
- **Cessation of judgment:** You stop categorizing people as "good" or "bad." There's an understanding that everyone's behavior is justified from their own perspective, leading to a more neutral and compassionate outlook.
- **Heightened psychic abilities and intuition:** Your inner guidance system becomes incredibly strong. You may have

clearer premonitions, receive intuitive messages, or have a deeper understanding of the reasons behind events. You might even feel like you can sense things beyond the normal 3D capabilities.

Physical and Energetic Symptoms

Some people also report a series of physical "ascension symptoms" that they believe are a sign of their body adjusting to a higher frequency. These are not medically recognized, but are commonly discussed in spiritual communities:

- **Changes in sleep patterns:** You may experience interrupted sleep, strange dreams, or wake up at specific times, feeling a surge of energy.
- **Physical sensations:** This can include headaches, pressure on the head, or a feeling of "tingling" or vibrating in the body.
- **Emotional mood swings:** You might feel like your emotions are on a roller coaster as you process and release old, "denser" energies.
- **Increased sensitivity:** You may become more sensitive to loud noises, crowds, and certain foods or substances.

These signs are all part of a larger spiritual narrative about a collective shift in consciousness. In this context, "living in the 5th dimension" is less about a physical location and more about a state of being—one of love, unity, and expanded awareness.

ABOUT THE TAO

The Tao (or Dao, pronounced "dow") is a fundamental concept in classical Chinese philosophy, particularly central to Taoism, but also present in Confucianism and other schools of thought. It's notoriously difficult to define precisely because, as the Tao Te Ching (the primary text of Taoism) states, "The Tao that can be told is not the eternal Tao."

Here's a breakdown of what the Tao generally represents:

- **The Way or Path:** Literally, "Tao" means "way," "path," or "road." In a philosophical sense, it refers to the natural order of the universe, the underlying principle that governs everything. It's the "way" things are and the "way" one should live in harmony with that reality.
- **Source of All Existence:** The Tao is considered the ultimate origin of everything in the cosmos. It existed before heaven and earth, and all things arise from it. It's seen as the "mother of the universe," the formless, unknowable source from which all manifest reality emerges.
- **Indefinable and Transcendent:** The Tao is beyond words, concepts, and human comprehension. Any attempt to fully grasp or describe it with language will inevitably fall short and distort its true essence. It's a

subtle, mysterious force that can be experienced and aligned with, but not intellectually categorized.

- **Natural Harmony and Flow:** A core idea is that the universe operates in a state of natural harmony and constant change, often described as the interplay of Yin and Yang. The Tao embodies this dynamic balance. To live in accordance with the Tao means to align oneself with this natural flow, embracing spontaneity, simplicity, and non-interference (Wu Wei – "non-action" or "effortless action"). This doesn't mean doing nothing, but rather acting in a way that is in tune with the natural rhythms of life, without forced effort or resistance.
- **Immanent in Everything:** While transcendent, the Tao is also immanent, meaning it is present within all things. It's the life force (often referred to as Qi or Chi) that flows through the universe and all living beings.

In essence, the Tao is the fundamental, eternal principle of the universe – the "Way" everything works. It's not a deity or a personal god, but rather a cosmic force or principle that guides existence. The goal of Taoist philosophy is to understand and live in harmony with this Tao, leading to a life of inner peace, balance, and naturalness

ABOUT THE WAY IN ANCIENT EGYPT

Ma'at (also spelled Maat) is one of the most fundamental and all-encompassing concepts in ancient Egyptian civilization, profoundly influencing their religion, ethics, law, and daily life. It's both an abstract principle and a goddess who personifies that principle.

Here's a breakdown of what Ma'at represents:

1. The Concept of Cosmic Order and Balance: At its core, Ma'at signifies the ideal state of the universe – a state of truth, balance, order, harmony, law, morality, and justice. The Egyptians believed that at the moment of creation, the sun god Ra (and other creator deities) brought Ma'at into being out of the primordial chaos (Isfet). This cosmic order was essential for the sun to rise, the Nile to flood, the seasons to change, and life to flourish. Without Ma'at, the world would revert to chaos.

2. A Guiding Principle for Human Conduct: Ma'at wasn't just about the cosmos; it was also the ethical and moral standard for human behavior. Egyptians were expected to live their lives in accordance with Ma'at, meaning they should:

- Speak the truth and be honest in all dealings.

- Act with justice and fairness towards others.
- Maintain harmony in their personal lives and communities.
- Show respect for the gods, other people, and the natural world.
- Live with integrity, kindness, and compassion.

These principles were often articulated in texts like the "Negative Confessions" or "42 Ideals of Ma'at" found in the Book of the Dead. These were declarations a deceased person would make to the gods in the afterlife, affirming they had not committed various transgressions against Ma'at.

3. The Goddess Ma'at: Ma'at was also personified as a goddess, typically depicted as a woman with an ostrich feather on her head (the hieroglyphic symbol for Ma'at). She sometimes had wings, symbolizing her omnipresence and protective nature. She was often considered the daughter of Ra and was closely associated with Thoth, the god of wisdom and writing.

4. Role in the Afterlife (Weighing of the Heart): One of Ma'at's most famous roles was in the "Weighing of the Heart" ceremony in the Duat (underworld). After death, the deceased's heart (believed to be the seat of intellect and emotion)

was weighed on a scale against the Feather of Ma'at.

- If the heart was pure and balanced (meaning the person had lived a life in accordance with Ma'at), it would balance with the feather, and the deceased would be granted eternal life in the Field of Reeds (paradise).
- If the heart was heavy with sin and out of balance, it would be devoured by the monstrous Ammit, and the deceased would cease to exist.

5. The Pharaoh's Responsibility: The pharaoh was considered the earthly embodiment and chief upholder of Ma'at. It was the pharaoh's divine duty to ensure that Ma'at was maintained throughout Egypt, both through just rule, wise laws, and victorious military campaigns (which brought stability). By upholding Ma'at, the pharaoh ensured the prosperity and stability of the kingdom.

In essence, Ma'at was the guiding principle that permeated every aspect of ancient Egyptian life, from the grand cosmic cycles to individual moral choices. It was the blueprint for a well-ordered and harmonious existence, both in this life and the next

ANCIENT WAY OF THE GODS

Koshinto (古神道), meaning "Old Shinto" or "Ancient Shinto," refers to the indigenous animistic religion of Japan that existed prior to the significant influences of foreign religions like Buddhism, Confucianism, and Taoism. It represents the foundational spiritual practices and beliefs of the Japanese people, particularly those from the Jomon period.

Here are some key aspects of Koshinto:

- **Origins and Nature:** Koshinto is deeply rooted in the reverence for nature and its cycles. It's often described as a more shamanistic and pantheistic form of spirituality compared to later Shrine Shinto. There is no single founder or canonical text, as it evolved organically with the Japanese people.
- **Kami:** The central concept is the belief in *kami*, sacred spirits that reside in natural elements such as mountains, rivers, trees, rocks, waterfalls, and even abstract concepts like growth and creation. Ancestors can also become kami.
- **Sacred Sites:** Unlike modern Shinto with its elaborate shrines, early Koshinto practices often took place at natural sacred

sites known as *Kamunabi*. These could be sacred mountains, islands, forests, or even specific trees and rocks (often marked by *himorogi* or *iwasaka*).

- **Practices:** Koshinto practices emphasized purification rituals, prayers, and offerings to the kami to maintain harmony with nature and ward off evil spirits. The focus was on living in accordance with "makoto no kokoro" (sincerity or a pure heart).
- **Musubi:** A key concept is *Musubi*, which represents the generative energy from the sun, the cosmic principle of binding or connecting things for new life and growth, and the idea of completion.
- **Reconstruction:** The search for Koshinto began with the "Restoration Shinto" movement in the Edo period, which aimed to purify Shinto of foreign influences. Modern Koshinto is often a reconstructed understanding of these ancient practices, sometimes drawing on elements found in Ainu religion and Ryukyuan practices.

In essence, Koshinto provides a window into the spiritual bedrock of Japan, emphasizing a deep connection to nature and a worldview where the sacred is intimately interwoven with the physical world

BECOMING IMPECCABLE

"Your DNA is evolving from two helixes to twelve helixes. These twelve helixes correspond to energy centers, or chakras, inside and outside of your body. Millions of you on the planet at this time have agreed to carry the frequency to accomplish this. Handfuls of you are becoming impeccable, and these handfuls are affecting the others. Soon you will begin to have great clarity as to who you are and what your assignment is.

These twelve spiral strands of DNA interact with one another in the body and outside of the body. The connection of the twelve strands means that the twelve energy or information centers can begin to function and send information back and forth to one another.

As more light-information comes into the body, the DNA is activated and the frequency of the body increases.

When all 12 strands of DNA are activated the organic body is morphed into a crystalline form called the light body. This new body is eternally indestructible and can be molded to appear as one desires. This light body will perform as a super computer and will store all the information in all universes"

ENKELE PUNTEN VAN "DE PROTOCOLLEN VAN DE WIJZEN VAN ZION"

De volkeren zijn mentaal inferieur aan ons, en zijn niet in staat hun eigen naties behoorlijk te besturen. Voor hun en onze bestwil moeten we hun regeringen afschaffen en vervangen door één enkele regering. Dit zal veel tijd kosten en gepaard gaan met het nodige bloedvergieten, maar het is voor een goed doel. Dit is wat we zullen moeten doen:

- Onze agenten en handlangers overal plaatsen
- Controle verkrijgen over de media en deze gebruiken ten bate van propaganda voor onze plannen
- Oorlogen initiëren tussen rassen, klassen en religies
- Omkopen, dreigen en afpersen om zo onze zin te krijgen
- De loges van de Vrijmetselarij gebruiken om daarmee potentiële publieke functionarissen aan te trekken
- De ego's van succesvolle mensen aanspreken
- Aanstellen van chantabele marionetten als leiders
- Vervangen van koninklijke macht door socialistische macht, vervolgens communisme en dan despotisme
- Afschaffen van alle rechten en vrijheden, behalve ons recht van dwang
- Mensen opofferen (ook soms onze eigen mensen) indien nodig

- Uitschakelen van religie, en het vervangen door wetenschap en materialisme
- Controle verkrijgen over het onderwijssysteem om daarmee bedrog te verspreiden en intellect te vernietigen
- De geschiedenis herschrijven in ons voordeel
- Creëren van verstrooiing en afleiding
- Vervuilen van de geesten door viezigheden en perversie
- Mensen aanmoedigen om elkaar te bespioneren
- De massa's arm houden en voortdurend laten werken
- Afnemen van alle rijkdom, eigendom en (in het bijzonder) goud
- Goud gebruiken om de verschillende markten te manipuleren, recessies te veroorzaken enz.
- Een progressieve belasting introduceren
- Gezonde investeringen vervangen door speculatie
- Langetermijnleningen tegen rente verstrekken aan regeringen
- Slecht advies geven aan regeringen en alle anderen

Uiteindelijk zullen de volkeren zo woedend zijn op hun regeringen (omdat zij de schuld zullen krijgen van de chaos) dat ze het ons graag zullen laten overnemen

FROM "I AM GOD" BY AURORA RAY

"When we have balanced the male and female energies inside ourselves and when we have cleaned and cleared ourselves from past emotions, from the duality and all the 3rd dimensional drama, we become whole in ourselves again. At this point we are spiritually high evolved and are no longer bonded to needy relationships out of dependency. When we have died a death in the human ego mind and have surrendered to the love of God self (Higher Angelic Self, I AM presence), we are reborn in an awareness of abundant unconditional love in oneness with all of creation. Now we don't feel the need to have a partner to become whole. We are whole in ourselves now here. Aligned with the Divine Source. This is where our vibrational frequency raises up near the 5th dimension. When both flames vibrate on this level they attract each other into their lives.

The twin flame is only found near or in 5D. The reason is one has to hold a high level of love in the body by loving themselves unconditionally, therefor vibrate high enough. Only when you have healed yourself and love yourself all the way will the twin appear before you"

GALACTIC FEDERATION: WE'RE HERE TO ACCELERATE YOUR ASCENSION

Beloved ones,

We are the Galactic Federation of Light, here to guide you at this time of great change on your planet. We have come to visit you, to enlighten you concerning the face of reality, and to share with you our limitless wisdom.

Knowing that your ears are open, knowing that your heart is open, knowing that your mind is open, knowing that your soul is open. You are ready for us to share with you.

You are receiving this message because you are among the first residents of planet Gaia who are ready to open themselves fully to the Divine Light of Creation and begin their awakening process.

We're here to accelerate your ascension. We've been waiting for you to get here. Now it's time to get started.

We want you to release the old paradigm and walk into newness. We find that we must force this on people more and more, as they are still holding onto the old paradigm of control and fear.

The coming days are a transformative period for all of humanity, and it is indeed time to make a break with the past, as the light will bring love and truth to

all those who let go of resentment, anger, hate, and pain.

Holding onto the past keeps you in old energy patterns that are not conducive to your ascension process.

Holding onto negative thoughts and emotions will only pull you down into the three-dimensional world, no matter how much you are inspired by the fifth dimension.

It becomes easier to lose yourself in your thoughts when you are in the three-dimensional state which does not allow for divine force to enter.

To dissolve the negative energy, you have to figure out how to let go of the past, whatever it is that happened. You have to forgive yourself for whatever self-destructive or bad or evil things you think you've done--and forgive everyone else for what they've done too.

Sometimes the hardest person to forgive is yourself!

Forgiveness is healing, cleansing, calming and transformative. It's an act of courage that allows you to embrace your true nature.

Forgiveness is not a feeling that you do whenever you feel like it. It's more like a key that unlocks the door to a new life. It allows you to go from a life of negativity to a life of productivity and happiness.

Whoever forgives will be forgiven. One of the most precious blooms of the human soul is the ability to forgive.

Revenge is unpleasant, and it is at its lowest point. To forgive is to soar to new heights. The more one's capacity for forgiveness, the larger one's heart and consciousness become.

The day when a person can forgive everyone and everything is the day he or she enters the fifth dimension.

God's name in Sufi is "Ghaffar". It literally means "most forgiving."

To make a mistake is human, but to forgive is divine. And as you forgive more, you begin to get closer to the divine, to Godliness; you begin to transcend humanity.

When you begin to forgive, the boundary between sinner and saint fades away, as does the division between good and wicked. There are no longer any divisions; you begin to see one, the homogeneous.

There are no men, women, blacks or whites. Pure energy exists, and that pure energy is God.

And you will be forgiven if you ask for forgiveness from the bottom of your heart. If you pray for forgiveness with sincerity, the concept of repentance transforms into forgiveness. If you have truly asked and realized that you have done something wrong, if it has been a genuine realization and you accept responsibility for it and are willing to repent wholeheartedly, the repentance itself becomes forgiveness.

All sins are nothing but unconscious actions. Repentance awakens you and makes you aware of your being. Sin is similar to darkness. When you

introduce the light of forgiveness into the darkness,
the darkness vanishes.

Forgiving those who have hurt you helps heal your
own soul.

The one who forgives reaps greater rewards than the
one who is forgiven.

If you can't forgive, you won't be able to love
yourself; if you can't love yourself, you won't be able
to know what divine love is; and if you don't know
what divine love is, you won't be able to reach the
fifth dimension.

So remember to love completely and forgive
unconditionally, and you will have no karma; you will
have no past. There will be no bondage around you,
and there will be no barriers to entering the fifth
dimension.

We love you dearly,

We are here with you,

We are your family of light,

We are the Galactic Federation.

GREAT INTERVIEW WITH ISMAEL PEREZ ABOUT STARSEEDS, DNA UPGRADES, SECRET SOCIETIES AND MORE

**BY CATHERINE EDWARDS FROM
YOUTUBE:**

Catherine Edwards: So should we start with what is a Starseed in your opinion and how does the Starseeds get their information and determine whether it's from a good source?

Ismael Perez: "Starseeds are the most advanced souls in the multiverse that chose to come at this time to help the planet ascend. So they were volunteer in a way where we have now millions upon millions of Starseeds in their adult years of course. A lot of the new crystalline indigo children are being born. One every third child now is crystalline. So, as we prepare to move into this higher level of reality.

So yeah that's what a Starseed is. It's a volunteered soul that came from the higher dimensions beyond the fifth. Most people think that they're coming from the fifth dimensional level of reality, but that's the majority of the Starseeds, but we also have a great deal of Starseeds or a number of Starseeds either coming from the sixth dimension all the way

from the 12th dimension. Which is amazing. So, there's different terms to describe the Starseeds. Some people call them indigo children, rainbow children, crystal children. These are all different terminologies that I guess mediums and teachers, spiritual teachers have labeled these higher evolved beings, that are now living among us. The first wave of Starseeds came in the 50s and 60s. Which means that they're now in their 50s and 60s and the second wave came during the 70s and 80s. Those Starseeds are now anywhere from 35 to about 48 and then the last wave has been coming in since 2000 and they just been coming in like crazy. So, that's what a Starseed is, it's a higher evolved soul that decided to regress back into the third dimension in an avatar form, while operating still from higher levels of reality, because see, the Starseed is, how can I say it, they're multi-dimensional. Everyone's multi-dimensional, but they again, these are souls that have already reached higher levels of reality. So, in that regard, only a rather small portion of their consciousness incarnated into this avatar in order to be the boots on the ground and kind of like work the system from within as the busters of the old paradigm that hasn't been working for thousands of years, in order to anchor in the new high energy vibrations that are bringing the world into a better reality and a better world structure. So, the Starseeds have been doing their job just by merely existing, because

they exert a type of frequency that is very transmutative when it comes to lower denser energies and, so, that's who they are. They're multi-dimensional beings that are still operating from the higher dimensions with only a small portion of their consciousness incarnating at this time, while forgetting who they were, of course, for getting their Galactic Self and their Higher Self, Over Self, Christ Self, but you know in turn in time those memories are soon going to be coming back

Catherine Edwards: So there's all this talk about when we incarnate, Starseeds and Non-Starseeds, into this current reality, that we forget a lot. So, in one respect there's the fact that we're here to learn lessons evolve move up to high levels of consciousness. So why would the greater beings or the process work that we would forget some of that knowledge when we come back in, because surely then there's a danger of making the same mistakes over and over again. Does that make sense?

Ismael Perez: It makes perfect sense and we actually all agreed to forget. That was, the primary reason why we incarnated was to forget who we were, so that we could actually learn from the limitations of being mortal and being human, because in the higher dimensions we have an immortal avatar. We don't see death the way the humans on earth see death. There is no death. There's only transition from one

level of reality to the next, because as you know in essence we are immortal beings that are infinite in nature and in essence we're also reflections, fractals of the One Consciousness that many call the Great Prime Creator Souls of All Existence. So as children of the One, we chose to incarnate without our memories so that we could understand the human condition, because when the time comes, when our upgrades take place, which is going to happen any day now, as more Starseeds come in. We're getting ready to transform into the beautiful angelic humanoids that we were supposed to be, with amazing god-like superpowers, so that we could use those powers for good, so that we could understand what it's like to be human, so that when we do transform it and have access to our divine abilities; we could use those for the greatest, for the greatest benefit of all living things. So, it was part of the training in order to humble us, i guess

Catherine Edwards: So talk about, at the moment, we are taught biologically, i'm a biologist, you're taught that humans have the two strands of the DNA and we're looking at moving to the 12 strands or have we already got? Can you talk us through this 2 to 12 strands? The DNA activation and how you see that working and is that related to the Solar Flash?

Ismael Perez: Absolutely, the Solar Flash is the actual trigger that reactivates the other ten strands that are dormant, which is what scientists call junk DNA. The other 12 strands were once functional during the times of Atlantis, when the earth was still operating as Planet Terra existing in dimensions four five and six and in Terra, in our original makeup, we were actually, we were made from 12 different races that came together to contribute their DNA. So that's what each strand is. Each strand represents one of these 12 major races. Now these in turn, these 12 major races were also engineered by 24 other races that again took genetic material from different parts of the universe to create a super hybrid race and then in turn, that super hybrid race, i'm sorry the 24 races also got their genetics from a hundred other races that took their genetics from everywhere in the multiverse. So basically they narrowed it down to depositing all that, because DNA is data by the way. Depositing all that genetic data into one genome and so originally we were made with 12 strands, but get this, we were intended to evolve beyond the 12 strands. So as i speak there are other strands that are developing. So some of us are going to be not only operating at 12 strand DNA capacity when the Solar Flash takes place, but some of us are going to also activate the 24 strands of DNA and then a very small group of us are going to actually activate up to 48 strands of DNA. So those strands are now being

developed within our etheric bodies. So the whole purpose of the reactivation of these other strands has a lot to do with the Solar Flash and the transformation of the human species into the next stage or level of evolution. So yeah, there's a lot of power hidden within our dormant DNA that allows us to have access to x-men superhero abilities and that time is coming soon. I always tell people we're about to enter a world where superheroes are going to be a reality when the transition takes place

Catherine Edwards: So in terms of the insiders, in terms of the people who are in the know about this, on youtube we call them the White Hats, the people that have been planning for ages to take down the evil. Now how are these people all communicating with each other? And you were saying a lot of the people, a lot of these movies are people in the know. So how big is this group of people that are really coming up with the master plan and helping form the physical level to move this all forward?

Ismael Perez: There's about a few hundred thousand individuals that make up the Earth Alliance and that consists of over 134 countries, that have signed the petition to end the new world order and in turn replace it with the NESARA GESARA New World Structure. That is beneficial for all humanity, where everybody wins. The quantum financial system kicks into

play backed by real gold and silver and yeah, so there's about a few hundred thousand people that make up the Alliance worldwide and a lot of these people have to operate through secrecy. So throughout all of history, not all secret societies have been luciferian or nefarious. In fact, throughout the dark middle ages, going back to 2000 years ago, right at the onset of the establishment of the roman catholic church, we had benevolent secret societies that had to actually preserve their existence through secrecy, because the luciferian brotherhood, who was pretty much the brains and the intelligence behind the vatican from the beginning of time, were out there trying to suppress these White Hats, because the White Hats have always existed. They exist in form of the Knights Templars during medieval Europe and then later they reorganized, as their the first masons, before they were infiltrated by Adam Weishaupt's Illuminati and then later the royal secretions and then now they're like just a group of an international group that is operating still in secret in order to defeat in this final days to put the cabal down in its place. And then of course bring in a better world for humanity. So that's all happening, they're about 98 procent in draining the swamp worldwide. So they're almost there

HOW TO BECOME MORE IMPECCABLE

The concept of "impeccability" in life is famously explored in Don Miguel Ruiz's book, "The Four Agreements." While "impeccable" can mean "flawless" or "perfect" in general usage, in the context of Ruiz's work, it refers to a state of living with integrity, authenticity, and alignment with truth and love.

Here's a breakdown of how one can strive for impeccability, largely drawing from "The Four Agreements":

The Four Agreements as a Foundation for Impeccability:

1. **Be Impeccable with Your Word:** This is considered the most crucial agreement.
 - **Speak with Integrity:** Say only what you mean. Be honest and truthful in your communication, both with yourself and others.
 - **Avoid Using Your Word Against Yourself or Others:** This means no self-judgment, self-criticism, gossip, or spreading negativity. Your words have immense power; use them to create positive realities, not to tear down yourself or others.

- **Use Your Word in the Direction of Truth and Love:** Align your thoughts and speech with what is constructive, kind, and genuinely serves yourself and those around you. This includes expressing love, respect, and acceptance for yourself.
- **Thoughts are Words:** Recognize that your internal dialogue also counts. If you're constantly thinking negative thoughts about yourself or others, you're not being impeccable with your word.

2. Don't Take Anything Personally:

- **Understand that Others' Actions are About Them:** When someone criticizes you, judges you, or acts negatively, it's often a reflection of their own beliefs, wounds, and perspective, not a truth about you.
- **Avoid Emotional Poison:** If you take things personally, you internalize negativity and allow others' opinions to affect your self-worth and peace. By not taking things personally, you are immune to this emotional poison.

3. Don't Make Assumptions:

- **Ask Questions and Clarify:** Instead of assuming you know what someone

means or why they're doing something, ask for clarification. This prevents misunderstandings, conflict, and unnecessary suffering.

- **Communicate Clearly:** Express your own needs and desires clearly to avoid others making assumptions about you.

4. Always Do Your Best:

- **Effort, Not Perfection:** Your "best" will fluctuate from moment to moment. It's about consistently putting in your genuine effort, given your current circumstances, energy levels, and knowledge.
- **Self-Acceptance:** When you always do your best, you avoid self-judgment and regret. You know you've given it your all, and that's enough.
- **Continuous Improvement:** Doing your best allows for growth and learning. As you gain more knowledge and experience, your "best" will evolve and improve.

Beyond the Four Agreements (Related Concepts):

- **Self-Awareness:** Being impeccable requires a deep understanding of your own thoughts,

emotions, and motivations. Notice when you're being critical, making assumptions, or taking things personally.

- **Mindfulness:** Practicing mindfulness helps you stay present and observe your thoughts and words before they become actions or ingrained patterns.
- **Integrity in Action:** Impeccability extends beyond words to your actions. Follow through on your commitments, be reliable, and align your behavior with your values.
- **Responsibility:** Take full responsibility for your own life, emotions, and reactions. Avoid blaming others or external circumstances.
- **Forgiveness:** Forgive yourself and others when you or they fall short. Impeccability is a journey, not a destination, and mistakes are part of the learning process.
- **Self-Love:** At its core, impeccability is about loving and respecting yourself. When you love yourself, you naturally extend that truth and love outwards.

Becoming impeccable is a continuous practice. It involves conscious effort to reshape ingrained habits of thought, speech, and behavior. It is about consistently striving for authenticity, truth, and love in every aspect of your life

HOW TO EMBODY A HIGHER VIBRATIONAL FREQUENCY

To embody a higher vibration, focus on cultivating positive emotions, engaging in practices that elevate your energy, and aligning your actions with your desired state. This involves practices like meditation, gratitude, spending time in nature, and engaging in activities that bring you joy.

Here's a more detailed breakdown:

1. Cultivate Positive Emotions:

Gratitude:

Regularly acknowledge and appreciate the positive aspects of your life, which can shift your focus to a higher vibrational state.

Love and Kindness:

Practice compassion and kindness towards yourself and others, as these emotions are associated with higher frequencies.

SPIRITUELE GENEZING IN PLAATS VAN WESTERSE VERDRUKKING

Malidoma Patrice Somé was een bekende auteur en spreker uit het Dagara-volk in Burkina Faso, West-Afrika. Hij was opgeleid in zowel de traditionele Dagara-rituelen (hij was een sjamaan) als in westerse academische disciplines (hij had meerdere doctoraten). Zijn werk richtte zich op het overbruggen van de kloof tussen inheemse Afrikaanse spiritualiteit en de westerse wereld, en hij sprak veel over de Dagara-benadering van ziekte, inclusief psychische aandoeningen.

Voor de Dagara en veel andere inheemse culturen in Afrika wordt wat in het Westen als 'psychose' wordt gediagnosticeerd, vaak heel anders geïnterpreteerd. Het wordt zelden gezien als een puur biologische disfunctie van de hersenen, maar eerder als een spirituele crisis of een oproep tot transformatie.

Hier zijn de kernpunten van hoe het Dagara-volk (en vergelijkbare culturen) psychose benadert, zoals beschreven door Malidoma Patrice Somé:

De 'Terugkeer van de Geesten':

- Volgens de Dagara-overtuiging worden psychotische episodes vaak gezien als een teken dat de persoon "te veel geesten" heeft,

of dat hij/zij een speciale verbinding heeft met de spirituele wereld. Het is geen ziekte die moet worden onderdrukt, maar eerder een overweldigende gave die niet goed is geïntegreerd.

- De persoon wordt gezien als een kanaal voor berichten of energieën uit de spirituele wereld, en de "wanen" en "hallucinaties" worden beschouwd als legitieme ervaringen in die spirituele dimensie, die echter destabiliserend zijn in de fysieke wereld omdat de persoon nog niet geleerd heeft hoe ermee om te gaan.

Rituelen en Initiatie:

- De primaire 'behandeling' voor psychose is niet medicatie of individuele therapie in de westerse zin, maar eerder gemeenschappelijke rituelen en initiaties. Deze rituelen zijn ontworpen om de persoon te helpen zijn of haar spirituele gave te begrijpen, te beheersen en te integreren.
- De Dagara geloven dat de persoon in psychose wordt 'geroepen' om een sjamaan, een genezer of een boodschapper te worden voor de gemeenschap. De psychotische episode is een pijnlijk proces van ontwaken en zuivering.
- Deze rituelen omvatten vaak zang, dans, vasten, het gebruik van bepaalde kruiden

(niet per se psychoactief, maar meer voor zuivering), en gemeenschappelijke ondersteuning. Het doel is de persoon te helpen "over te steken" naar de spirituele wereld, de boodschappen te ontvangen, en dan veilig terug te keren met de kennis en de kracht om de gemeenschap te dienen.

Gemeenschapsbetrokkenheid en Sociale Reïntegratie:

- De persoon in psychose wordt niet geïsoleerd of opgesloten, zoals vaak in het Westen gebeurt. Integendeel, de hele gemeenschap wordt betrokken bij het proces. Men gelooft dat de 'ziekte' van het individu een symptoom kan zijn van een diepere disbalans in de gemeenschap.
- De gemeenschap biedt een veilige en ondersteunende omgeving waar de persoon zijn of haar ervaringen kan uiten zonder veroordeeld te worden. Er is een diepgaand geloof dat de persoon kan herstellen en een waardevolle rol kan spelen.
- Het doel is re-integratie in de gemeenschap, niet slechts symptoomreductie. De persoon wordt geholpen om zijn of haar unieke gave te vinden en deze ten dienste te stellen van het collectief.

Spirituele Gidsen en Ouderlingen:

- In plaats van psychiaters zijn het de sjamanen, ouderlingen en spirituele gidsen die de persoon begeleiden. Zij hebben vaak zelf soortgelijke 'crisiservaringen' gehad en kunnen de persoon door het proces leiden, omdat ze de spirituele dimensies kennen.

Contrast met Westerse Benadering:

Malidoma Patrice Somé benadrukte vaak de scherpe contrasten met de westerse aanpak:

- In het Westen wordt psychose vaak gezien als iets pathologisch dat onderdrukt moet worden (met medicatie), terwijl de Dagara het zien als een spirituele opening die geïntegreerd moet worden.
- Westerse behandelingen richten zich vaak op het individu en isolatie, terwijl de Dagara de nadruk leggen op gemeenschap en re-integratie.
- In het Westen is de patiënt vaak een passieve ontvanger van behandeling; bij de Dagara is de persoon die de psychose ervaart een actieve deelnemer in een proces van persoonlijke en spirituele groei

THE 12 UNIVERSAL LAWS

The "12 Universal Laws" are a set of principles believed to govern the universe and human experience. They are often described as fundamental truths about reality, and understanding them is thought to be key to personal growth and manifestation. There are varying interpretations and lists, but the most commonly cited include the Law of Oneness, Vibration, Correspondence, Action, Cause and Effect, Compensation, Attraction, Transmutation of Energy, Relativity, Polarity, Rhythm, and Gender.

Key Concepts:

- **Law of Oneness:** Everything in the universe is interconnected and part of a larger whole.
- **Law of Vibration:** Everything vibrates at different frequencies, and these vibrations influence our reality.
- **Law of Correspondence:** As above, so below; as within, so without. Our inner world reflects the outer world.
- **Law of Action:** Intentions must be followed by actions to manifest desired outcomes.
- **Law of Cause and Effect:** Every action has a reaction; what we put out, we receive back.

- **Law of Compensation:** We receive back what we put into the universe, whether positive or negative.
- **Law of Attraction:** Like attracts like. Our thoughts and emotions attract corresponding experiences.
- **Law of Transmutation of Energy:** Energy is constantly transforming, and we can learn to shift our energy to manifest change.
- **Law of Relativity:** Everything is relative and defined by its relationship to other things.
- **Law of Polarity:** Everything has a duality or opposing force (e.g., hot and cold, good and bad).
- **Law of Rhythm:** Everything moves in cycles and patterns.
- **Law of Gender:** Everything has a masculine and feminine principle.

Different Perspectives:

- **Hermetic Principles:**
Some interpretations of the 12 Universal Laws are based on the Hermetic philosophy, as outlined in "The Kybalion".
- **Ancient Wisdom:**
Many cultures, including ancient Egyptians and Greeks, have explored similar concepts of universal order and interconnectedness.

- **Modern Science:**
Some scientific concepts, like quantum physics, resonate with the idea of interconnectedness and the influence of observation on reality.

Practical Applications:

- **Manifestation:**
Understanding and applying these laws is believed to help individuals manifest their desires.
- **Personal Growth:**
By understanding how these laws operate, individuals can make more conscious choices and create a more positive life.
- **Spiritual Development:**
The 12 Universal Laws are often seen as a framework for spiritual growth and understanding one's place in the universe

THE UNIVERSAL LAW OF KARMA

The Universal Law of Karma is a principle of cause and effect, suggesting that every action, thought, and intention has a corresponding reaction or consequence. Essentially, what you put out into the universe will eventually return to you. This law emphasizes personal responsibility and the idea that our choices shape our experiences.

Here's a more detailed explanation:

Cause and Effect:

Karma is often summarized as "you reap what you sow." Positive actions and intentions tend to lead to positive outcomes, while negative ones lead to negative consequences.

Personal Responsibility:

The law highlights that individuals are accountable for their actions and the impact they have on themselves and others.

Not Just Physical Actions:

Karma extends beyond physical actions, encompassing thoughts and intentions as well.

Not Necessarily Immediate:

The effects of karma may not always be immediately apparent and could play out over time, even across lifetimes.

Spiritual Growth:

Understanding and living by the law of karma is often seen as a path to spiritual growth and self-awareness.

Universal and Impartial:

The law of karma is considered a universal principle, operating impartially and affecting all beings

VAN 3D NAAR 4D NAAR 5D

3D Realiteit (Huidige, aardse realiteit)

Voordat we naar 4D en 5D gaan, is het belangrijk om 3D te begrijpen. Dit is de realiteit die de meeste mensen ervaren:

- **Fysieke, materiële wereld:** Gekenmerkt door lengte, breedte en hoogte. Overleven, competitie en materieel succes zijn vaak dominante thema's.
- **Dualiteit:** Een sterke ervaring van goed/kwaad, licht/donker, ik/jij.
- **Lineaire tijd:** Verleden, heden en toekomst worden als afzonderlijk ervaren.
- **Ego-gedreven:** Bewustzijn is vaak sterk gericht op het persoonlijke ego.

4D Realiteit (De brug)

De 4D realiteit wordt vaak gezien als een overgangsdimensie of een "portaal" tussen 3D en 5D. Het is een bewustzijnsniveau waar:

- **Tijd minder lineair wordt:** De invloed van tijd wordt minder dominant; synchroniciteit en het besef van het "nu" nemen toe.

- **Emoties en gedachten krachtiger zijn:** Er is een groter besef van hoe gedachten en emoties de realiteit kunnen beïnvloeden en vormgeven. Emoties kunnen hier ook versterkt worden ervaren.
- **Verhoogde intuïtie en buitenzintuiglijke waarneming:** Er ontstaat een groter bewustzijn van energieën en trillingen. Mensen kunnen synchroniciteit vaker opmerken.
- **Bewustwording van dualiteit:** Hoewel dualiteit nog steeds aanwezig is, is er een groeiend besef van de onderlinge verbondenheid van alles. Er is een verschuiving van slachtofferschap naar eigen verantwoordelijkheid.
- **Hart-gecentreerd functioneren:** Een beginnende verschuiving naar meer handelen vanuit het hart, met meer empathie en compassie.
- **"Droomwereld":** Het kan ook gezien worden als een meer vloeibare, minder dichte dimensie dan 3D, waar dromen en energetische invloeden duidelijker worden.

5D Realiteit (Hoger bewustzijn)

De 5D realiteit wordt beschouwd als een staat van hoger bewustzijn en hogere frequentie, waarin:

- **Eenheid en onvoorwaardelijke liefde:**

De beperkingen van de fysieke realiteit worden grotendeels overwonnen en er is een diep begrip van verbondenheid met het universum en alles wat leeft. Oordelen verdwijnen en liefde en compassie staan centraal.

- **Geen dualiteit:** De illusie van afscheiding verdwijnt. Alles wordt als één ervaren.

- **Creatie vanuit het hart:** Je manifesteert vanuit een plek van onvoorwaardelijke liefde en overvloed, met een diep vertrouwen in het universum. Gedachten en intenties manifesteren sneller.

- **Innerlijke rust en vrede:** Gemoedstoestanden zijn niet langer afhankelijk van externe omstandigheden. Er is een constante verbinding met de innerlijke bron of het hogere zelf.

- **Leven in het "nu":** Tijd en ruimte zijn minder relevant; het leven wordt geleefd

vanuit het huidige moment, zonder zorgen over verleden of toekomst.

- **Integriteit en balans:** Emoties, geest, handelen en lichaam zijn in balans. Het hogere zelf is leidend.
- **Lichtheid en plezier:** Een gevoel van moeiteloosheid, vreugde en lichtheid kenmerkt deze staat.

Samenvattend:

De 4D realiteit is een fase van ontwaken en bewustwording, waarin men zich bewust wordt van energetische invloeden en de kracht van gedachten en emoties, en begint te verschuiven van ego- naar hart-gebaseerd leven. Dualiteit is nog aanwezig, maar wordt erkend.

De 5D realiteit is een staat van diepe eenheid, onvoorwaardelijke liefde en complete overgave. Hier zijn de sluiers van dualiteit verdwenen en leeft men volledig vanuit het hart, in het nu, met een diep vertrouwen in het universum en een besef van de eigen scheppingskracht. Het is een frequentie waarin men zich nergens druk om maakt, maar alles benadert vanuit acceptatie en overvloed

YOU WERE BORN TO BREAK THE CYCLE

"I believe we live in a generation of cycle breakers - people who have found the strength to end long-standing cycles that have run through their ancestral lines for generations.

I've heard some claim lately that intergenerational trauma doesn't exist. But those who have witnessed the same cycles repeat across generations know better.

Both science, such as studies in epigenetics, and psychology now affirm what many of us have always sensed: unhealed pain is passed through generations through certain behaviours, nervous systems, and relational patterns, and can even cause changes in gene expression.

Trauma experts like Mark Wolynn and Gabor Mate have spoken about the wounds we carry from our family histories can shape our core beliefs, influence the partners we choose, fuel the addictions we struggle with, and contribute to the physical illnesses we may develop.

The past is not just in the past – it lives on in our bodies and has a direct impact on our lives in the present.

Ancestral trauma is an inheritance many of us unconsciously carry. It continues to ripple through our bloodlines until someone, in one generation, dares to face the pain. The act of facing and feeling what has always been there is what stops the cycle. It liberates the future and brings peace to the past"

Constantly rejections of people. Constantly ignored and not cared for. I wish everyone would have the same big heart as me, but here in 3D reality everybody is busy for themselves. Al-Masih: You don't know how to be close..

Eliana: Hey? I thought we were getting on?

Al-Masih: There is so much shame in you..

Eliana: What?

Al-Masih: You have a difficult job.. Carrying men's burdens..
Keeping their secrets. Telling them what they want to hear as
you let them touch you.. You tell yourself you don't care, but
every day your soul is diminished.. Everyday, you die a little
more..

Eliana: What i do with my body, is my business.. It's not
anybody's call. Sure as hell isn't yours

Al- Masih: Was coming here your call? ... So let's stop
pretending. You came here tonight, because somebody paid you.
But you've could have turned down the money, It's not the only
reason you came, is it?

...

Al-Masih: There.. There you are.. Now i see you.. How can you
be the person God intended if you are not honest about who you
are?

...

Al-Masih: Tell me your name? Your real name?

Eliana: Eliana

Al-Masih: I love you.. I love you, Eliana.. I love what is eternal
in you..

Eliana: They paid me..

Al-Masih: I know..

Eliana: I'm sorry.. I didn't mean to..

Al-Masih: I know..

Eliana: I think someone's watching us right now.. I'm sorry.. I
should leave..

Al-Masih: God loves you.."

**Never stray away from the Way to find Eternal
Life**

"Once upon a time in a far away land, a young prince lived in a shining castle. Although he had everything his heart desired, the prince was spoiled, selfish, and unkind

But then, one winter's night, an old beggar woman came to the castle and offered him a single rose in return for shelter from the bitter cold. Repulsed by her haggarded appearance, the prince sneered at the gift and turned the old woman away. But she warned him not to be deceived by appearances, for beauty is found within. And when he dismissed her again, the old woman's ugliness melted away to reveal a beautiful enchantress. The prince tried to apologize, but it was too late. For she had seen that there was no love in his heart. And as punishment, she transformed him into a hideous beast and placed a powerful spell on the castle and all who lived there

Ashamed of his monstrous form, the beast concealed himself inside his castle with a magic mirror as his only window to the outside world.

The rose she had offered was truly an enchanted rose which would bloom until his 21st year. If he could learn to love another and earn her love in return by the time the last petal fell, then the spell would be broken

If not, he would be doomed to remain a beast for all time. As the years passed, he fell into despair and lost all hope. For who could ever learn to love a beast?"

— Beauty & The Beast (Prologue) —

"Practice the Art of Peace sincerely, and evil thoughts and deeds will naturally disappear.

The only desire that should remain is the thirst for more and more training in the Way"

— Morihei Ueshiba —

The One Infinite Creator

"The Active Side of Infinity" A concept of Carlos Castaneda's books refers to a profound and dynamic aspect of reality that is constantly influencing human existence. It's not a passive, boundless void, but rather an intelligent, energetic force that actively shapes events, guides paths, and constitutes the deeper, often unseen, workings of the universe"

**Raise Your Vibration Without Skipping
Shadow Work and Self Work to Reach for
Heavenly Order**

Uw ziel wordt in deze eindtijd op een bepaald
punt gewogen door de Vader om te kijken
hoeveel gif u in uw ziel heeft of hoeveel
liefde en heiligheid

De Balans gaat worden opgemaakt of u meer
een monster bent of een engel

En het zal u laten vallen naar de Hel of u
laten reizen naar de Hemel

Dit zijn de laatste dagen om de Hel te
ontsnappen door het Werk te doen wat Eyowa
aandraagt

Wie niet het Werk doet wat Eyowa van u
verlangt, loopt het risico te verdwijnen naar
Eeuwige Verdoemenis

U bent gewaarschuwd!!

Veel mensen dragen veel gif in zich

Wie niet gaat werken om zijn eigen gif te
transformeren naar liefde en de Heilige
Geest en de Heilige Bron zal zijn gif
vergroten en vergroten om een monster te
worden in de hel

Veel mensen dragen veel gif in zich

Ze lopen zwaar het risico om te verdwijnen
naar het onlicht; de wereld van eindeloos
lijden

U bent gewaarschuwd!!

Verlichting vinden en Dharma bereiken

De twee belangrijkste waarden in het bestaan

We denken hier op Aarde veels te ingewikkeld en veels te moeilijk. We gebruiken tevens veels te veel woorden om alles te verklaren. Het is de kunst om weer simpeler, logischer en directer te denken om de Weg te vinden. Zonder leugens en misleidingen; naar onszelf en anderen. Het Christusbewustzijn is een simpel bewustzijn. De kracht van Gods schepping zit in Eenvoud. En eenvoud is 1 van de mooiste waarden in het bestaan

We leven in de Multiverse; een Kosmische
Oceaan van verschillende Universes;
verschillende Versen van God

We gaan weer terug naar de Kosmische
Oceaan van Liefde voor de mensen die Eyowa
in hun hart nemen en the Great Work doen

Tijd voor Romantiek, Liefde, Harmonie en
Vrede

We gaan terug naar een Prachtige Wereld

Een Geweldig Mooi Paradijs zoals God het
bedoeld heeft

We Should Be Brave Whatever Happens and
Hold On to the Way Whatever Happens

To Bring Forth Paradises and Heavens and to
Hold Our Paradises and Heavens

We should learn to feel complete and full of
love and light within, without the endless
chase for money, materialism, success and
status

We should find Enlightenment. The Kingdom
of God Within

To Find Eternal Life in Blissful and Peaceful
Awareness in Harmony with the Way and All
Life

Forever and Ever

A Return to the Home of the One And Only
Truly God

The Most High

The Highest God

The Highest Good

The Supreme Being

To Find Eternal Heavenly Order

**When Eyowa Arrives the World Will Change
Forever**

Change With Him or Fall to Hell

"...Who Created A World of Mind. Intellectual Imagination. Which is as Real and as Any Country on the Map. (Sacolla Podler) in his most important papers, he calls it the Third World or World Three. The First World is the Objective World of Things. The Second World is My Inner Subjective World. But, Says Podler, there is a Third World; The World of Objective Contents of Thoughts. (Eya The Shada) Calls this the Third World or Neurosphere, That is the World of the Mind"

— The Orb (O.O.B.E.) —

Who doesn't activate his Angel by doing
sincere Shadow Work and Self Work will risk
that their Monster will be activated to let you
fall to hell

You have been warned!!

These are the last days to become an Angel
of the Light or become A Monster in the
Darkness

Who will be my woman?

Who will be my Girl?

Will it be Eva or someone else?

Will i find the One or will i find Death?

What will come?

Where do i Go?

What will happen?

Will i finally find the Love that i desire or will
something else happen?

What will happen Great Father?

What will become?

I stay in the moment as We get closer to the Event

The Event that Will Change Everything

A Great Storm Will Follow

An Intelligent Storm Guided by the Great
Analyzer, the Galactic Federation and Our Great
Father

The World As We Know It Is About To Change For
Good

Trust on the Divine Plan and the Divine Process

Love and Greatness for the Righteous

Fear and Ugliness for the Wicked

Time Has Come

Wie Eyowa bespot zal zwaar gestraft worden

"You'll be given love
You'll be taken care of
You'll be given love
You have to trust it

Maybe not from these sources
You have poured yours
Maybe not from these directions
You are staring at

Trust your head around
It's all around you
All is full of love
All around you

(All is full of love) You just ain't receiving
(All is full of love) Your phone is off the hook
(All is full of love) Your doors are all shut
(All is full of love) And be the little angel

All is full of love (all is full of love)
All is full of love (All is full of love)
All (all is full of love)
All is full of love (all is full of love)"

I would love to see a world that is not based on money
and gold

I would love to see a world where all the gifts come
naturally

And everyone has enough and feels enough

Where everyone is in love to oneself and everyone
around them

I would love to see a world where Love, Harmony,
Peace and Truth is the most high, instead of the endless
chase of things to buy with money and gold

I am disgusted by worlds that feel never enough,
always searching for more and more, never real peace
within

I would love to see a world in Harmony with the Way
A world that has found complete Dharma

A world where all the beings has found the Christ
Consciousness within

To Find Eternal Blissful Awareness

To Find Eternal Life in Harmony, Peace, Love, Joy and
Truth

A Beautiful Being

The Home in My Heart

The Home I Am Leading You To

Away from endless disorder, suffering and unfulfillment

A Return to Heavenly Order
